ACKNOWLEDGMENTS

The Ministry of Environment, Lands and Parks wishes to acknowledge three partners whose contributions were invaluable in the completion of the *Aboriginal Water Rights Report Series:*

The Ministry of Aboriginal Affairs, was a critical source of funding, support and direction for this project.

The U-Vic Geography Co-op Program, was instrumental in providing the staffing resources needed to undertake this challenging task. Through the services of June Whitmore and her office, the project benefited from the research, writing, editing and co-ordination of these outstanding students:

Jas Gill
Julie Steinhauer
Kelly Babcock
Daniella Mogus
Miranda Griffith
Christina Rocha
Rachel Abrams
Elizabeth Lee
Sara Cheevers

The services of Clover Point Cartographics Limited of Victoria, was responsible for the preparation of most of the map drawings, which form a valuable part of these documents.

In addition to these three key partners, I must acknowledge the valuable contributions of other Water Management staff, past and present, including Jack Farrell, Jim Mattison, Richard Penner, Diana Jolly, Greg Blaney, Gary Lucas and Kim Johnston.

The sheer numbers of First Nations groups' with histories of water rights made the completion of the Report Series seem, at times, prolonged. The determination, patience and vision of the partners was essential in the completion of the Series and is gratefully acknowledged.

Gary Robinson
Project Manager
Water Management Branch

FIRST NATIONS WATER RIGHTS REPORT -

BAND: Xaxli'p Nation

ADDRESS: P.O. Box 1330, Lillooet, B.C., V0K 1V0

CHIEF: Chief Roger Adolph

PHONE: 256-4227 **FAX:** 256-7570

AFFILIATION: No Affiliation

LOCATION:

The Xaxli'p Nation (formerly the Fountain Band) occupy 1,572.2 hectares (3884.9 acres), which is divided between 16 reserves:

Chilhil No. 6	Fountain No. 1D	Fountain No. 9
Dry Salmon No. 7	Fountain No. 2	Fountain No. 10
Fountain No. 1	Fountain No. 3 (Twelve Mile)	Fountain No. 11
Fountain No. 1A	Fountain No. 4	Fountain No. 12
Fountain No. 1B	Fountain Creek No. 8	Quatlenemo No. 5
Fountain No. 1C		

Of the 16 reserves, a history of water allocation exists for:

Chilhil No. 6	(266.3 ha)	Fountain No. 3	(222.1 ha)
Fountain No. 1	(136.8 ha)	Fountain No. 3/3A	(244.4 ha)
Fountain No. 10	(6.8 ha)	Fountain No. 4	(64.7 ha)
Fountain No. 11	(5.4 ha)	Quatlenemo No. 5	(97.0 ha)
Fountain No. 2	(60.8 ha)		

According to records maintained by the Ministry of Finance, the Xaxli'p Nation has a population of 486 people living on reserve lands as registered members. The total population of the Band, including registered and non-registered members living on-reserve, on crown land and off-reserve, is reported as 732.

The 16 reserves are located on the Interior Plateau and are classified as occurring in the Interior Douglas Fir Biogeoclimatic Zone. The reserves lie in the rainshadow of the Coast, Selkirk and Purcell Mountains at elevations ranging from 1000 to 3600 feet above sea level. The regional climate consists of average daily temperatures ranging from lows of -5 degrees centigrade in January, to highs in excess of 20 degrees centigrade, in July. Average precipitation for the area totals between 30 and 50 cm, annually.

Water courses of significance are:

- Adolph Spring - located within Fountain Reserve No. 1, west of Fountain Creek.
- Cinquefoil Creek - flows southwest from an elevation of 7500 feet, and drains into the Fraser River.
- Chilhil Lake - located in the 'Three Lake Valley', within the northern portion of Chilhil Indian Reserve No. 6.
- Fountain Creek (formerly Elenowoupe Creek) - flows southwest and drains into Kwotlenemo (Fountain) Lake. From Fountain Lake, Fountain Creek flows in a northwesterly direction across Crown land and Fountain Indian Reserve No. 1, and discharges into the Fraser River near District Lot 1160, Group 1, Lillooet District.
- Gibbs Creek (formerly Eleven Mile Creek) - flows southwest from an elevation of 6700 ft and drains into the Fraser River.
- Pitzi Brook - flows southwest through Fountain Indian Reserve No. 11, and drains into the Fraser River.
- Rusty Creek (formerly Red Creek) - flows southwest from an elevation of 6500 ft through the northern portion of Fountain Reserve No. 4.
- Sallus Creek (formerly Fourteen Mile Creek) - flows southwest from an elevation of 6800 ft, passing through the northeastern corner of Fountain Indian Reserve No. 3.
- Santini Spring - located on Lot 3454, south of Highway No. 12.

WATER ALLOCATIONS:

The water rights of the Xaxli'p Nation have been determined by five actions of government over the years:

1. Allotments by the Indian Reserve Commissioners.

   Following confederation, the Province and the Dominion established an Indian Reserve Commission which was responsible for the reservation of land for the Indians. The Commission was also responsible for facilitating the transfer of the lands in question to Dominion title. In setting apart lands for reservations, the Commissioners made it their practice to allot water with the land. The practice

was unique among Indian Reserves in Canada and the authority of the Commissioners to allot water rights has always been disputed by the Province.

2. Lieutenant Governor-in-Council approval by Order-in-Council, granting water rights.

3. Determinations of the Board of Investigation, under the *Water Act, 1914*, with respect to claims submitted by the Department of Indian Affairs. Often the Board recommended the ratification of water records through the issue of water licenses.

4. Granting of water licenses in response to Federal Government applications requesting authorization for the use of water on reserve lands.

5. Actions to amend licensed rights, pursuant to provisions in the *Water Act*.

HISTORY, CURRENT STATUS AND NOTES:

The history of water rights, the current status of rights, and notes for the Xaxli'p Nation with respect to Adolph Spring, Chilhil Lake, Cinquefoil Creek, Fountain Creek, Gibbs Creek, Pitzi Brook, Rusty Creek, Sallus Creek, and Santini Spring are as follows:

Adolph Spring

History:

Jan 24, 1924 At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of waters of Fountain Creek and Adolph Spring, and to store the waters in Kwotlenemo Lake, was to be made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2690, set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Fountain Creek and Adolph Spring;
(ii) take precedence on February 23, 1891;
(iii) authorize the diversion of 444 acre feet of water a year (from April 1 to September 30) from Fountain Creek, for irrigation purposes on 148 acres of Fountain Reserve No. 1; and
(iv) include incidental use of 6,000 gallons a day, year-round for domestic use, and the right to store a maximum of 268 acre feet of water in Kwotlenemo Lake from October 1 to June 1.

Jan 24, 1924 The Comptroller of Water Rights issued Conditional Water License 7366, which embodied the terms and conditions set out in Board Order 2690.

May 20, 1937 The Comptroller of Water Rights granted Final Water License 9989, in partial substitution of Conditional License 7366, to the Superintendent General of Indian Affairs, on behalf of the Xaxli'p Nation. The license was assigned a precedence date of February 23, 1891 and authorizes the diversion of 53.8 acre feet of water a year (from April 1 to September 30) from Adolph Spring. The water is allotted for irrigation purposes on Fountain Reserve No. 1.

Final Water Licenses 9987 and 9988, on Fountain Creek, were also issued in substitution of Conditional Water License 7366, in part, and are discussed under the section entitled "Fountain Creek".

A lesser quantity was authorized with the issue of Final Water License 9989 as the reduced volume was determined to be sufficient for the proposed irrigation area.

Current Status:

The Final Water License 9989, held by the Xaxli'p Nation, is the only license active on Adolph Spring and is therefore first in priority. There is no information on file with respect to the recent exercise of rights authorized under this license.

The Water Survey of Canada has no records of streamflow on Adolph Spring. No alternate sources of water availability data for the Spring, were located.

Notes:

1. The issue of Final License 9989, in partial substitution of Conditional License 7366, resulted in a loss of licensed water rights on Adolph Spring, for the Xaxli'p Nation.

Chilhil Lake

History:

April 1, 1973 The Comptroller of Water Rights granted Conditional Water License 40623 to the Superintendent General of Indian Affairs, on the behalf of the Xaxli'p Nation. The license has a precedence date of August 14, 1972 and authorizes the diversion of 50 acre feet of water a year (from April 1 to September 30) from Chilhil Lake, for the irrigation of 20 acres of Chilhil Reserve No. 6. The license prohibits diversion and use at any time when the water level of Chilhil Lake falls below a minimum level specified by the Engineer for the Ashcroft Water District.

Current Status:

Conditional Water License 40623, held by the Xaxli'p Nation, is the only license active on Chilhil Lake. Conditional License 40623 is therefore first in priority. There is no recent information on file with respect to the exercise of rights authorized under this license.

The Water Survey of Canada has no records of streamflow on Chilhil Lake. No additional information regarding water availability on the Lake was located during this review, with the exception of reports recieved from regional staff in December 19, 1972, which indicate that the lake is fed by underground springs.

Notes:

1. There is no additional information with respect to the rights of the Xaxli'p Nation on Chilhil Lake.

Cinquefoil Creek

History:

Feb 27, 1882 A Minute of Decision of the Indian Reserve Commission described a reserve of 540 acres located in the Fountain Valley, between Fish Lake and the head waters of Fountain Creek, and allotted to the Fountain Indians, the water of Swe-o-mie (We-o-mis) Creek which flows through Reserve No. 6.

The sketch accompanying the Minute of Decision shows Swe-o-mie (also referred to as We-o-mis Creek) flowing in the same direction and in the same location as Cinquefoil Creek. Thus, it is inferred that Swe-o-mie (We-o-mis) Creek has since been re-named Cinquefoil Creek.

Aug 18, 1899 The Lieutenant Governor-in-Council approved an Order granting water rights, a record of 100 inches* from Weomis, to the Xaxli'p Nation, *"Indians of the Reserve near the Fountain, Lillooet District."*

* Note: The reference to an inch of water is understood to be a "miner's inch" of water. The Water Act of 1914 defined a miner's inch as being equal to a flow of .028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season converts to the equivalent 6.664 acre feet per miner's inch.

Jun 4, 1908 The Administrator of British Columbia approved an Order-in-Council, confirming a number of water records for certain Indian Reserves. The water records were issued by the Assistant Commissioner of Lands and Works at Clinton under the provision of the Water Clauses Consolidation Act. Issue of these water records was not approved by the Lieutenant Governor-in-Council. The record pertaining to the Xaxli'p Nation on Weomis Creek includes:

> *"Water Record No. 20, dated August 24th, 1899, issued to Fountain Indian Reserve, Lorenzo Valley for 100 inches* of water out of We-o-mis Creek, for use of in Indian Reserve, Lorenzo Valley."*

* Note: See above notation regarding "miners inch".

Jun 11, 1920 At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of Cinquefoil Creek were made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2693, set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Cinquefoil Creek;
(ii) take precedence on August 24, 1899; and
(iii) authorize the diversion of 552 acre feet a year of water for the irrigation of 276 acres of Chilhil Reserve No. 6, provided that 1,500 gallons of water a day throughout the year could also be used for domestic purpose.

Oct 22, 1923 The Comptroller of Water Rights issued Conditional Water License 7160, which embodied the terms and conditions set out in Board Order 2993.

Apr 15, 1939 The Comptroller of Water Rights granted Final Water License 10595, in substitution of Conditional Water License 7160. The license was issued to the Director of Indian Affairs, on the behalf of the Xaxli'p Nation. It was assigned a precedence date of August 24, 1899 and authorizes the diversion of 46.5 acre feet of water a year (from April 1 to September 30) from Cinquefoil Creek, for the irrigation of 31 acres of Chilhil Reserve No. 6. Of the allocated volume, 1,000 gallons a day, year-round, is authorized for domestic application.

Accompanying Final License 10595 the Deputy Minister of the Environment issued Permit over Crown Land No. 1782, to the Fountain Band. The permit authorizes the occupation 0.81 acres of the southwest quarter of Lot 4118 in the Lillooet Land District.

A lesser quantity was authorized with the issue of Final Water License 10595 as the reduced volume was determined to be sufficient for the proposed irrigation area.

Current Status:

There are currently 4 licenses on Cinquefoil Creek, right of Cinquefoil Lake, one of which is held by the Xaxli'p Nation. Of the licenses:

- 2 authorize the use of water for combined domestic and irrigation purposes; 2,500 gallons a day, year-round is authorized for domestic consumption and 126.5 acre feet a year, from April 1 to September 30, is authorized for irrigation.
- 2 authorize the diversion of water for irrigation purposes, for a total quantity authorized of 34.5 acre feet of water a year, from April 1 to September 30.

The Xaxli'p Nation, which holds Final Water License 10595, have first priority right on Cinquefoil Creek, above Cinquefoil Lake. There is no information on file with respect to the current exercise of rights authorized under this license.

Water Survey of Canada records report that gauging stations have operated at various times between April and September at Station No. 08MF066 (Cinquefoil Creek above Diversions) and Station No. 08MF020 (Cinquefoil Creek Near Lillooet). Records of streamflow recorded from 1921 to 1965, indicate that a low mean monthly flow of 0.075 m^3/sec in occurred in April, and increased to a high of 0.268 m^3/sec, in July.

Notes:

1. The Xaxli'p Nation's rights to the waters of Swe-o-me Creek (now named Cinquefoil Creek), as allocated by the Indian Reserve Commission, have not been formally recognized by the Province.

2. The Order-in-Council, granting 100 inches from Cinquefoil Creek, allocates a greater quantity than is currently authorized under Final Water License 10595.

3. The issue of Final Water License 10595, in substitution of Conditional Water License 7160, resulted in a loss of licensed irrigation rights on Cinquefoil Creek, for the Xaxli'p Nation.

4. Cinquefoil Creek was once named Swe-o-me Creek.

Fountain Creek

History:

Feb 27, 1882 A Minute of Decision of the Indian Reserve Commission describing a number of "Fountain Indian" reserves, recorded the following water allocations from Fountain Creek:

- Reserve No. 1 - *"a 350 acre reserve situated between east of Fountain Creek and Lot 1, Group 2, Lillooet District"*: the unappropriated water of Fountain Creek for use on Reserve No. 1.

- Reserve No. 4 - *"a 160-acre reserve situated on Fountain Creek, 5 miles from Fraser River"*: the water of Fountain and Red Creeks for use on Reserve No. 4

- Reserve No. 5 - *"a 240-acre reserve situated on Fountain Creek at the foot of Kwotlenemo Lake"*: the water of Fountain and Cleneweupe (assumed to be Elenowoupe) Creeks for use on Quatlenemo Reserve No. 5 (formerly Reserve No. 5). An extension of Fountain Creek, Elenowoupe Creek has since been re-named Fountain Creek.

Jan 9, 1891 By Order, the Lieutenant Governor-in-Council authorized that a grant of water rights be made in favor of the Xaxli'p Nation.

> *"One hundred inches* of water from Fountain Creek, to be diverted at the present ditch head."*

* Note: The reference to an inch of water is understood to be a "miner's inch" of water. The Water Act of 1914 defined a miner's inch as being equal to a flow of .028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season converts to the equivalent 6.664 acre feet per miner's inch.

> *"The right to build a dam at the outlet of a lake, situate at the head of Fountain Creek, and at one side of said creek, and to store the water of the creek in said lake in the spring and fall, when it is not used and runs to waste: the water thus stored to be conveyed by the creek to the present ditch head and thence conveyed by said ditch on to the Reserve."*

The specific reserves these allocations were intended for is not known. It is assumed that the lake referred to in the Order-in-Council is Kwotlenemo Lake, on which a storage dam has since been located in support of diversion licenses on Fountain Creek.

Apr 27, 1895 The Lieutenant Governor-in-Council approved an Order granting water rights under the authority of Section 52, of the Land Act on the behalf of the Xaxli'p Nation. The Order authorized the diversion and use of 300 inches* of water from Fountain Creek for irrigation purposes.

* Note: The reference to an inch of water is understood to be a "miner's inch" of water. The Water Act of 1914 defined a miner's inch as being equal to a flow of .028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season converts to the equivalent 6.664 acre feet per miner's inch.

June 4, 1908 The Administrator of British Columbia approved an Order-in-Council for confirmation of Water Records for certain Indian Reserves. The water records were issued by the Assistant Commissioner of Lands and Works at Clinton under the provisions of the Water Clauses Condition Act without having obtained the authority of the Lieutenant Governor-in-Council. The record pertaining to the rights of the Xaxli'p Nation on Fountain Creek reads as follows:

> *"Water Record No. 65, dated June 30th, 1904, issued to the Fountain Indians for 100 inches* of water from Fountain Creek for use on the Fountain Indian Reserve."*

* Note: See above for definition of "miners inch".

Dec 20, 1920

The Comptroller of Water Rights granted Conditional Water License 5262 to the Director of Indian Affairs, on the behalf of the Xaxli'p Nation. The license was given a precedence date of June 25, 1920 and authorized the diversion of 200 acre feet of water a year from Fountain (Elenowoupe) Creek, for the irrigation (from April 1 to September 30) of 66 acres of Quatlenemo Reserve No. 5. Of the 200 acre feet allocated 1,000 gallons of water a day must be available throughout the year, for domestic applications.

Accompanying the license the Deputy Minister of Environment issued a permit under the Water Act authorizing entry upon 0.016 acres of Crown Land in the Lillooet Land District.

Nov 21, 1923

In accordance with an application filed by the Indian Agent the Comptroller of Water Rights issued Conditional Water Licenses 7225 and 7226 to the Indian Agent, H. Graham, on behalf of the Xaxli'p Nation. Both licenses were assigned dates of precedence of June 13, 1923.

1) Conditional Water License 7225 authorized the diversion of 57 acre feet of water a year (from April 1 to September 30) from Fountain Creek for irrigation purposes on 19 acres of Fountain Reserve No. 10.

2) Conditional Water License 7226 authorized the storage of 57 acre feet of water a year in support of the diversion of water authorized under Conditional Water License 7225 from Fountain Creek. The water authorized for storage between October 1 and June 15 and the reservoir was Kwotlenemo Lake.

A Memo from the Superintendent of Lands indicated flooding would take place in connection with Conditional License No. 7226.

Jan 24, 1924

1) At the final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of waters of Fountain Creek and Adolph Spring and to store the waters in Kwotlenemo Lake was to be made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2690, set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Fountain Creek and Adolph Spring;
(ii) take precedence February 23, 1891;
(iii) authorize for the diversion of 444 acre feet of water a year (from April 1 to September 30) from Fountain Creek, for irrigation purposes on 148 acres of Fountain Reserve No. 1; and
(iv) for incidental purposes include the use of 6,000 gallons a day, year-round for domestic purposes and the right to store a maximum of 264 acre feet of water in Kwotlenemo Lake between October 1 and June 1.

The Comptroller of Water Rights issued Conditional Water License 7366, which embodied the terms and conditions set out in Board Order 2690.

2) At the final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to use the waters of Fountain Creek and to store water in Kwotlenemo Lake was made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2691, set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Fountain Creek;
(ii) take precedence February 23, 1891;
(iii) authorize the diversion of 120 acre feet of water a year (from April 1 to September 30) from Fountain Creek, for irrigation purposes on 40 acres of Fountain Reserve No. 2; and
(iv) for incidental purposes include the use of 1,000 gallons a day, year-round for domestic purposes and the right to store a maximum of 67 acre feet of water in Kwotlenemo Lake between October 1 and June 1.

The Comptroller of Water Rights issued Conditional Water License 7367, which embodied the terms and conditions set out in Board Order 2691.

3) At the final hearing before the Board of Investigation, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of waters of Fountain Creek for irrigation and domestic purposes, under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2230, set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Fountain Creek;
(ii) take precedence February 23, 1891;
(iii) authorize the diversion of 414 acre feet of water a year (from April 1 to September 30) from Fountain Creek, for irrigation purposes on 207 acres of Quatlenemo Reserve No. 5; and
(iv) for incidental purposes, include the use of 1,500 gallons of water a day, year-round for domestic purposes.

The Comptroller of Water Rights issued Conditional Water License 7368, which embodied the terms and conditions set out in Board Order 2230.

Feb 27, 1937 The Comptroller of Water Rights notified the District Chief Engineer that Final Licenses were to be issued for Conditional Water Licenses 7368 and 5262. The report completed in support of the issue of the Final Licenses indicated that Fountain Indian Reserve No. 5 lies at an elevation of 3,000 feet. The report concluded that a small volume of water would thus be required for the irrigation of crops, making an allocation of one acre feet per acre sufficient.

Mar 2, 1937 The District Chief Engineer requested that the Comptroller of Water Rights reconsider the duty of water authorized under Conditional Water Licenses 7368 and 5262. The District Chief Engineer requested that 2 acre feet per acre of water be allocated as the appurtenant areas are more arid and the soil is more porous than other districts at altitudes of 3,000 feet.

Mar 10, 1937 The Comptroller of Water Rights responded to the letter received from the District Engineer, C.E. Webb, regarding a reduction of water allocations under Conditional Licenses 7368 and 5262. The Comptroller stated that the reduction was based on information submitted by the District Engineer, C. Varcoe, who observed that hay was the only crop in production on Reserve No. 5. Varcoe also reported that that the reserve was not a place of permanent residence (temporary camps for fishing and the like were observed). As such, applications for independent licenses would have to be submitted if additional water was required for alternate activities.

May 20, 1937

1) The Comptroller of Water Rights issued Final Water Licenses 9987 and 9988 in partial substitution of Conditional Water License 7366, to the Superintendent General of Indian Affairs, on behalf of the Xaxli'p Nation (Final Water License 9989 on Adolph Spring was also issued in substitution of Conditional Water License 7366, in part). Both licenses bear a precedence date of February 23, 1891.

   i) Final Water License 9987 authorizes the diversion of 206.7 acre feet of water a year (from April 1 to September 30) from Fountain Creek. The water is to be used on 104.2 acres of Fountain Reserve No. 1.

   ii) Final Water License 9988 authorizes the storage of 200 acre feet of water a year (from October 1 to June 15), in support of the diversion of water authorized under Final Water License 9987, from Fountain Creek. The water is to be stored in Kwotlenemo Lake and is to be used on 104.2 acres of Fountain Reserve No. 1.

2) The Comptroller of Water Rights issued Final Water Licenses 9990 and 9991, in substitution of Conditional Water License 7367, to the Superintendent General of Indian Affairs, on behalf of the Xaxli'p Nation. The licenses bear a precedence date of February 23, 1891.

   i) Final Water License 9990 authorizes the diversion of 45 acre feet of water a year (from April 1 to September 30) from Fountain Creek, for irrigation purposes on 18 acres of Fountain Reserve No. 2.

ii) Final Water License 9991 authorizes the storage of 45 acre feet of water a year (from October 1 to June 1) in support of the diversion of water authorized under Final Water License 9990, from Fountain Creek. The reservoir is defined as Kwotlenemo Lake.

3) The Comptroller of Water Rights issued Final Water License 9992 (in substitution of Conditional Water License 7368) to the Superintendent General of Indian Affairs, on behalf of the Xaxli'p Nation. The license has a precedence date of February 23, 1891 and authorizes the diversion of 9 acre feet of water a year (from April 1 to September 30) from Fountain Creek, for irrigation purposes on 9 acres of Quatlenemo Reserve No. 5.

4) The Comptroller of Water Rights granted Final Water License 9993, in substitution of Conditional Water License 5262, to the Superintendent General of Indian Affairs on behalf of the Xaxli'p Nation. The license has a precedence date of June 25, 1920 and authorizes the diversion of 21 acre feet of water a year (from April 1 to September 30) from Fountain (Elenowoupe) Creek, for irrigation purposes on 21 acres of Quatlenemo (Fountain) Reserve No. 5.

5) The Comptroller of Water Rights issued Final Water License 9994, in substitution of Conditional Water License 7225, to the Superintendent General of Indian Affairs, on behalf of the Xaxli'p Nation. The license has a precedence date of June 13, 1923, and authorizes the diversion of 47.5 acre feet of water a year (from April 1 to September 30) from Fountain Creek, for irrigation purposes on 19 acres of Fountain Reserve No. 10.

6) The Comptroller of Water Rights issued Final Water License 9995, in substitution of Conditional Water License 7226, to the Superintendent General of Indian Affairs on behalf of the Xaxli'p Nation. The license has a precedence date of June 13, 1923, and authorizes the storage of 47.5 acre feet of water a year (from October 1 to June 1) in support of the diversion of water authorized under Final Water License 9994, from Fountain Creek. The reservoir is defined as Kwotlenemo Lake.

Mar 18, 1954 The Deputy Comptroller of Water Rights recognized that the property to which Final Licenses No. 3297, 4690, 5453 and 5454, are appurtenant was purchased by the Department of Indian Affairs. In addition, Final License 3136 which authorizes the diversion of Santini Spring for domestic purposes on Lot 1, Group 2, Lillooet District, was acknowledged as land held by the Department of Indian Affairs.

i) Final Water License 3297 bears a date of precedence of October 26, 1861, and authorizes the diversion of 425 acre feet of water from Fountain Creek for the irrigation of 170 acres of Lot 1, Group 2, Lillooet District.

With this license the Deputy Minister of the Environment issued a Permit No. 9334 under the Water Act authorizing entry upon Crown Lands. Permit No. 9334 authorizes the occupation of .92 acres of Lot 3448 in the Lillooet Land District.

ii) Final Water 4690 was given a precedence date of July 7, 1913 and authorizes diversion of 50 acre feet of water a year (from April 1 to September 30) from Fountain Creek, for irrigation purposes on 20 acres comprising parts of Lots 702 and 1160 in the Lillooet District.

iii) Final Water License 5453 was assigned a precedence date of September 22, 1869, and authorizes the storage of 200 acre feet of water year from October 1 to June 1, in support of the diversion of water authorized under Final Water License 3297, from Fountain Creek. The reservoir is defined as Kwotlenemo Lake.

iv) Final Water License 5454 authorizes the storage of 50 acre feet of water year from October 1 to June 1, in support of the diversion of water authorized under Final Water License 4690, from Fountain Creek. The reservoir is defined as Kwotlenemo Lake.

July 27, 1970 Concerns regarding the over-diversion of water from Fountain Creek were registered against the holder of Final Water License 9993, lessee, Mr. K. Endersby. In response, the District Engineer required that Mr. Endersby install a measuring weir at the diversion point for Final Water License 9993, to ensure that the diversion of water not exceed 21 acre feet.

Aug 3, 1970 The Fountain Indian Band expressed concern regarding an Application for Water Rights submitted by Charles F.W. Vagg. The Band stated that an alternate system for domestic water should be implemented to ensure that maximum service for all the homes and cottages occurred, while minimizing losses from the Band's irrigation supply, stored on Fountain Lake.

Aug 14, 1970 A letter addressed to Mr. K. Endersby, from the Fountain Band was copied to the Comptroller of Water Rights. The letter expressed concerns regarding a shortage of water in Fountain (Kwotlenemo) Lake. Mr. Endersby was instructed to divert all presently used water into Fountain Lake, in accordance with a decision made at a meeting held August 11, 1970 (Minutes of the meeting attached to letter).

Dec 3, 1970 In response to a letter received by the Fountain Band dated Dec 3, 1970, the District Engineer stated that the appointment of a Band water bailiff would have no authority under the Water Act; however, it would assist in the control of water use on the Band's lands.

Nov 19, 1971 The Comptroller of Water Rights responded to objections regarding a water application on Fountain Creek filed by Charles F.W. Vagg. Based on an Engineer's Report it was decided that the application did not warrant a hearing. An investigation revealed that there was sufficient water in Fountain Creek to enable a license to be granted for domestic use.

Jan 4, 1972 The Comptroller of Water Rights issued Conditional Water License 37892 to the Superintendent General of Indian Affairs, on behalf of Charles F.W. Vagg, leaseholder. The license has a precedence date of June 23, 1970 and authorizes the diversion of 500 gallons of water a day, year round from Fountain Creek, for domestic purposes on Lot 6 of Quatlenemo Reserve No. 5.

Aug 29, 1972 Mr. F. W. Vagg confirmed his consent to return Fountain Creek to it's original course of flow. The original course of flow had been diverted through a washout during high water in 1948.

Jan 11, 1974 A letter was sent to the Fountain Band to confirm a meeting and inspection of Fountain Lake Dam on November 3, 1974. The meeting was arranged in order to develop an appropriate course of action for temporary repairs to Fountain Lake Dam.

Mar 6, 1974 The Deputy Comptroller of Water Rights issued an Order authorizing an application for a Change of Works to Final Water License 3297. The application was submitted by the Xaxli'p Nation.

Mar 7, 1974 The Deputy Comptroller of Water Rights issued an Order which amended the plan for Final Water License 5453.

May 7, 1974 The Deputy Comptroller of Water Rights issued Orders authorizing Change of Works for Final Water Licenses 9992 and 9993. Applications for the change of works were submitted by the Xaxli'p Nation.

Mar 8, 1974 The Deputy Comptroller of Water Rights issued an Order which amended the plan for Final Water License 5454.

May 20, 1974 The Deputy Comptroller of Water Rights issued an Order authorizing a Change of Works for Final Water License 4690. The amendment modified clause (g) to read:

> *"The land upon the which the water is to be used and to which this license is appurtenant is Lot 702 and Part of Lot 1160 lying south British Columbia Railway Right of Way (Plan A 24) and north of Highway No. 12, Lillooet District, of which 20 acres maybe irrigated."*

Jun 2, 1975 The Comptroller of Water Rights issued Conditional Water License 44161 to the Honorable Minister of Indian and Northern Affairs. The license has a date of precedence of August 25, 1972 and authorizes the diversion of 20,000 gallons of water a day, year-round from Fountain Creek, for waterworks use, on Fountain Reserve No. 1.

Indian Affairs had originally applied for the right to divert 40,000 gallons of water a day from Fountain Creek; however, a lesser quantity was authorized with the issue of Conditional Water License 44161. The reduced volume was determined to be sufficient for the number of dwellings requiring service.

Jan 9, 1976 Charles F.W. Vagg, holder of Conditional License 37892, submitted a letter to the Water Resource Branch requesting that his "permit be canceled" as he no longer leased the property at Fountain Creek. Subsequent to this notification, Conditional Water License 37892 was placed in the name of the Xaxli'p Nation.

Aug 10, 1981 The Deputy Comptroller of Water Rights issued an Order authorizing a Change of Works for Conditional Water License 44161.

Dec 7, 1990 Water License Administration acknowledged the abandonment of Conditional Water License 44161 in their records.

Mar 6, 1991 The Deputy Comptroller of Water Rights reinstated Conditional Water License 44161 to the Xaxli'p Nation, on receipt of a letter from the Xaxli'p Nation that the abandonment notice previously submitted was made in error. In actuality the Band wished to retain their rights on Fountain Creek.

Current Status:

There are currently 19 licenses on Fountain Creek below Kwotlenemo Lake, eight (8) of which are held by the Xaxli'p Nation. Of the licenses:

- 11 authorize small quantities of water for irrigation purposes, ranging from 9 to 81 acre feet of water a year, valid from April 1 to September 30.
- 2 authorize the diversion of water for combined irrigation and domestic use; a total quantity of 47.5 acre feet a year is authorized for irrigation use from April 1 to September 30, while a total quantity of 1,000 gallons a day is authorized for domestic use year-round.
- 5 authorize the diversion of water for domestic use, for a total quantity authorized of 3,000 gallons a day.
- 1 authorizes the diversion of 20,000 gallons a day for waterworks purposes.

The rights held by the Xaxli'p Nation under Final Water License 3297, Final Water License 9987, Final Water License 9990, Final Water License 9992 and Final Water License 4690 are first, second, third, fourth and fifth in priority. Final Water License 9993 and Final Water License 9994 are tenth and eleventh in priority, and Conditional Water License 44161 is thirteenth in priority on Fountain Creek, below Kwotlenemo Lake.

There are currently 4 licenses on Fountain Creek upstream of Kwotlenemo Lake, two (2) of which are held by the Xaxli'p Nation. Of the licenses:

- 1 authorizes use of 21 acre feet per year for irrigation, from April 1 to Sept 30.
- 3 authorize the diversion of water for domestic use, for a total authorized volume of 2,500 gallons per day per year.

The rights held by the Xaxli'p Nation under Final Water License 9993 and Conditional Water License 37892 are first and third in priority on Fountain Creek, above Kwotlenemo Lake.

Final Water Licenses 5453, 9988, 9991, 5454 and 9995, all in the name of the Xaxli'p Nation are the only active licenses on Kwotlenemo Lake. All of the licenses authorize storage in Kwotlenemo Lake.

In 1979, an Engineer's Report on Water Application (File 365388) noted that the stream register indicated Fountain Creek was "fully recorded" for irrigation use. The report stated that irrigation licenses would not be issued without full backup storage. It has been policy to issue small domestic rights based on a year round use of water, since.

Water Survey of Canada records show that gauging stations have been operated at various times at Station 08MD026 (Fountain Creek above Kwotlenemo Lake) and Station 08MD001 (Fountain Creek near Lillooet). Records of streamflow for both stations were taken between April and September. For the period recorded, the Survey reports that Station 08MD026 had a low mean monthly flow of 0.038 m^3/sec in April, which increased to a high in June of 0.312 m^3/sec. Records for Station 08MD001 report that a low monthly flow of 0.042 m^3/sec occurred in April to rose to a high of 0.374 m^3/sec in June.

Notes:

1. The Indian Reserve Commission allocated the Xaxli'p Nation water from Fountain Creek for use on Fountain Reserve No. 1, Fountain Reserve No. 4 and Quatlenemo Reserve No. 5 (formerly Reserve No. 5). The Xaxli'p Nations' right to the waters of Fountain Creek, as allocated by the Indian Reserve Commission, have not been formally recognized by the Province.

2. The decisions rendered by the Board of Investigation authorized water allocations on Fountain Creek that were less than those made by the Lieutenant Governor-in-Council (Orders-in-Council No. 541/99 and 368/1908).

3. Fountain Creek drainage area has been designated as a Community Watershed under provisions contained in the Forest Practices Code.

4. Final Licenses 9995 (CL 7226), 9994 (CL 7225), 9988 (CL 7366), 9987 (CL 7366), 9990 (CL 7367), 9991 (CL 7367), and 9992 (CL 7368) and 9993 (CL 5262) were allotted a quantity of water that was less than the amount originally authorized under the respective Conditional Licenses.

Gibbs (formerly Eleven Mile) Creek

History:

Feb 27, 1882 A Minute of Decision of the Indian Reserve Commission described a reserve of 280 acres with the same boundaries as Fountain Reserve No. 3, and allocated to the Xaxli'p Nation, the surplus waters of Gibbs (formerly Eleven Mile) and Sallus (formerly Fourteen Mile) Creeks.

Aug 24, 1918 The Comptroller of Water Rights issued Conditional Water License 3493 to H. Graham, Indian Agent, on behalf of the Xaxli'p Nation. The license was given a precedence date of December 2, 1914 and authorized the diversion of 375 acre feet of water a year (from April 1 to September 30) from Gibbs (Eleven Mile) Creek, for the irrigation of 150 acres of Fountain Reserve No. 3.

Oct 23, 1923 At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to use of the waters of Gibbs Creek, was made under the authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 2698, set out that a conditional license should be issued which would:

(i) provide for the diversion of water from Gibbs Creek;
(ii) take precedence on October 24, 1865;
(iii) authorize the diversion of 357 acre feet of water a year (from April 1 to September 30) from Gibbs Creek, for irrigation purposes on 119 acres of Lot 37, Group 1, Lillooet District, part of Fountain Reserve No. 3; and
(iv) include incidental use of 3,000 gallons a day, year-round for domestic purposes.

Oct 23, 1923 The Comptroller of Water Rights issued Conditional Water License 7170, which embodied the terms and conditions set out in Board Order 2698.

Feb 27, 1934 The owner of Lot 37 in the Lillooet District notified the Comptroller of Water Rights that they were abandoning all rights held on the property.

Sept 21, 1934 The Comptroller of Water Rights granted an extension of time for the completion of works/putting the water to beneficial use, as

required under Conditional Water License 3493. The extension was granted until December 31, 1937.

Sept 21, 1934 The Deputy Comptroller of Water Rights issued an Order authorizing an extension of time to complete the works with respect to Conditional Water License 7170.

Apr 20, 1936

1) The Comptroller of Water Rights issued Final Water License 9674, in substitution of Conditional Water License 3493, to the Superintendent General of Indian Affairs, on behalf of the Xaxli'p Nation. The license has a precedence date of December 2, 1914 and authorizes the diversion of 249 acre feet of water a year (from April 1 to September 30) from Gibbs Creek, for irrigation purposes on 99.6 acres of Fountain Reserve No. 3 and No. 3A.

2) The Comptroller of Water Rights issued Final Water License 9676, in substitution of Conditional Water License 7170, to the Superintendent General of Indian Affairs, on behalf of the Xaxli'p Nation. The license was given a precedence date of October 24, 1865 and authorizes the diversion of 185.25 acre feet of water a year (April 1 to Sept 30) from Gibbs Creek, for irrigation purposes on 74.1 acres of Lot 37 in the Lillooet Reserve, part of Fountain Reserve No. 3. Of the 185.25 acre feet allocated, 1,000 gallons a day, year-round was required for domestic application.

A lesser quantity of water was authorized for use with the issue of Final Water Licenses 9674 and 9676. The reduced volumes were determined to be sufficient for the proposed irrigation area.

May 14, 1974 The Deputy Comptroller of Water Rights issued an Order authorizing a Change of Works for Final Water License 9674.

July 2, 1974 The Comptroller of Water Rights issued Conditional Water License 42628, in substitution of Final Water License 9676, to the Minister of Indian and Northern Affairs, on behalf of the Xaxli'p Nation. The license has a precedence date of October 24, 1865 and authorizes diversion of 185.25 acre feet of water a year (from April 1 to September 30) from Gibbs Creek, for irrigation purposes on 74.1 acres on Lot 37 of the Lillooet District, part of Fountain Reserve No. 3.

Apr 30, 1975 The Deputy Comptroller of Water Rights issued an Order authorizing a Change of Works for Final Water License 9674.

May 9, 1975 The Deputy Comptroller of Water Rights issued an Order authorizing an application for a Change of Works of Conditional Water License 42628.

Current Status:

There are currently 4 licenses reported on Gibbs Creek, two (2) of which are held by the Xaxli'p Nation. Of the licenses:

- 1 authorizes the diversion of 23 acre feet of water a year for irrigation purposes from April 1 to September 30.
- 2 authorize the diversion of large quantities of water for irrigation purposes; 185.25 and 249 acre feet of water a year, from April 1 to September 30.
- 1 authorizes the diversion of 1000 gallons a day for domestic purposes.

The rights held by the Xaxli'p Nation under Conditional Water License 42628 and Final Water License 9674, are first and third in priority on Gibbs Creek.

The Water Survey of Canada has no records of streamflow on Gibbs Creek. No alternate sources of water availability data were located for this review.

Notes:

1. The Indian Reserve Commission allocated the surplus waters of Eleven Mile Creek (Gibbs Creek) and Fourteen Mile Creek (Sallus Creek) to the "Fountain Band" (currently known as the Xaxli'p First Nation). These rights have not been formally recognized by the Province.

2. The issue of Final Water Licenses 9674, in substitution of Conditional License 3493, and Final Water License 9676, in substitution of Conditional License 7170, resulted in the loss of licensed rights on Gibbs Creek, for the Xaxli'p Nation.

Pitzi Brook

History:

Feb 1, 1974 In response to their application, the Comptroller of Water Rights issued Conditional Water License 41764 to the Xaxli'p Nation. The license has a precedence date of August 14, 1972 and authorizes the diversion of 2,000 gallons a day, year-round from Pitzi Brook, for domestic purposes on Fountain Reserve No. 11 in the Lillooet District.

Current Status:

The license held by Xaxli'p Nation, Conditional Water License 41764, is the only active license on Pitzi Brook. There is no recent information on file with respect to the current exercise of rights authorized under this license.

Water Licensing records report a possible water shortage on Pitzi Brook.

The Water Survey of Canada has no records of streamflow on Pitzi Brook.

Notes:

1. There is no additional information regarding the rights held by the Xaxli'p Nation on Pitzi Brook.

Rusty Creek (formerly Red Creek)

History:

Feb 27, 1882 A Minute of Decision of the Indian Reserve Commission describing a number of "Fountain Indian" reserves, recorded water allocations from Fountain Creek, including:

- Reserve No. 4 - *"a 160 acre reserve situated on Fountain Creek, about 5 miles from the Fraser River"*: The decision allotted the Xaxli'p Nation the waters of Fountain and Red Creek for use on Reserve No. 4

Dec 13, 1920

The Comptroller of Water Rights issued Conditional Water License 5260 to H. Graham Indian Agent, on behalf of the Xaxli'p Nation. The license was assigned a precedence date of June 25, 1920 and authorized the diversion of 150 acre feet of water a year (from April 1 to September 30) from Rusty Creek, for irrigation purposes on 61 acres comprising part of Fountain Reserve No. 4 in the Lillooet District. Of the volume allocated, 1,000 gallons a day, year-round was specified for incidental domestic applications.

In conjunction with Conditional License 5260, the Deputy Minister of Environment issued Permit over Crown Land No. 59, which authorized the occupation of 0.069 acres of unoccupied Crown Land.

Sept 21, 1934

The Deputy Comptroller of Water Rights authorized an extension of time for the completion of works required under Conditional Water License 5260.

Apr 20, 1936

The Comptroller of Water Rights issued Final Water License 9677, in substitution of Conditional Water License 5260, to the Superintendent General of Indian Affairs, on behalf of the Xaxli'p Nation. The license was given a precedence date of June 25, 1920 and authorized the diversion of 66 acre feet of water a year, from April 1 to September 30, from Rusty Creek, for irrigation purposes. The appurtenant lands were specified as 22 acres of Fountain Reserve No. 4. Of the volume allocated, 1,000 gallons a day, year-round, was reserved for domestic uses.

A lesser quantity was authorized with the issue of Final Water License 9677. The reduced volume was determined to be sufficient for the proposed irrigation area.

Feb 27, 1974

The occupant of Fountain Reserve No. 4 notified the Comptroller of Water Rights of the abandonment of rights held under Final License 9677 as they pertained to the domestic use on the property.

May 14, 1974

The Comptroller of Water Rights issued an Order authorizing an amendment of Final Water License 9677, which acknowledged that the source of water supply had been renamed. Clause (a) was amended to read: "The source of the water-supply is Rusty Creek."

July 2, 1974 In accordance with notification received from the Xaxli'p Nation, the domestic purpose authorized under Final Water License 9677 the Comptroller of Water Rights issued Conditional Water License 42629, in substitution of Conditional Water License 9677. Conditional License 42629 was issued to the Honorable Minister of Indian and Northern Affairs, on behalf of the Xaxli'p Nation. The license was assigned a precedence date of June 25, 1920 and authorizes the diversion of 66 acre feet of water a year (from April 1 to September 30) from Rusty Creek, for use on 22 acres of Fountain Reserve No. 4 in the Lillooet District.

Current Status:

There are currently 3 licenses active on Rusty Creek, one of which of is held by the Xaxli'p Nation. Of the licenses:

- 2 authorize the diversion of small quantities of water for irrigation purposes; 66 and 30 acre feet of water, from April 1 to September 30.
- 1 authorizes the use of 500 gallons of water per day for domestic purposes.

The Xaxli'p Nation, which holds Conditional Water License 42629, have first priority rights on Rusty Creek.

Water Survey of Canada records show a gauging station has operated sporadically at Station 08MD030, between April and September. For the period recorded a low mean monthly flow of 0.006 m^3/sec is reported, occurrring in April, which increases to a high of 0.039 m^3/sec, in June.

An Engineer's Report on a Water Application, file no. 355181 (June 9, 1980), reports that Rusty Creek was fully recorded for irrigation use.

Notes:

1. The Indian Reserve Commission allocated the Xaxli'p Nation water from Fountain and Red Creeks for use on Fountain Reserve No. 4. The Xaxli'p First Nation's rights to the waters of Rusty Creek as allocated by the Indian Reserve Commission, have not been formally recognized by the Province.

2. The issue of Final Water License 9677, in substitution of Conditional Water License 5260, resulted in a loss of licensed rights on Rusty Creek for the Xaxli'p Nation.

Sallus (formerly Fourteen Mile) Creek

History:

Feb 27, 1882 A Minute of Decision of the Indian Reserve Commission described a reserve of 280 acres situated on the Lillooet-Clinton wagon road between the 12 and 14 mile posts. This description corresponds with the present location of Fountain Reserve No. 3. Under the Minute of Decision the Xaxli'p Nation was allotted the surplus waters of Gibbs (formerly Eleven Mile) and Sallus (formerly Fourteen Mile) Creeks.

Aug 24, 1918 The Comptroller of Water Rights issued Conditional Water License 3492 to the H. Graham, Indian Agent, on behalf of the Xaxli'p Nation. Conditional License 3492 was assigned a precedence date of December 2, 1914 and authorizes the diversion of 500 acre feet of water a year, for the period extending from April 1 to September 30, from Fountain Creek for irrigation purposes on 200 acres of Fountain Reserve No. 3.

Nov 27, 1920 The Comptroller of Water Rights approved the amendment of plans issued with Conditional Water License 3492.

Apr 20, 1936 The Comptroller of Water Rights issued Final Water License 9675, in substitution of Conditional Water License 3492, to the Superintendent General of Indian Affairs, on behalf of the Xaxli'p Nation. The license has a precedence date of December 2, 1914 and authorizes the diversion of 142.75 acre feet of water a year, for the period extending from April 1 to September 30, from Sallus Creek. The water is to be used on 57.1 acres of Fountain Reserve No. 3.

A reduced volume was authorized with the issue of Final Water License 9675. The smaller allocation was determined to be sufficient for the proposed irrigation area.

May 14, 1974 The Deputy Comptroller of Water Rights issued an Order authorizing an application for a Change of Works of Final Water License 9675 held by the Xaxli'p Nation.

July 26, 1977 Accompanying Final Water License 9675 the Deputy Minister of the Environment Lands Service issued a Permit Under the Water Act Authorizing the Occupation of Crown Land, Permit No. 11112. Permit No. 11112 authorizes the occupation of 1.1 acres of unsurveyed land in the Lillooet District. The permit was issued in replacement of Permit No. 2525.

July 27, 1977 The Deputy Comptroller of Water Rights issued an Order authorizing a change of works for Final Water License 9675.

Current Status:

There are currently 5 licenses reported on Sallus Creek, one of which of is held by the Xaxli'p Nation. Of the licenses:

- 1 authorizes the diversion of water for domestic purposes, for 500 gallons a day, year-round.
- 1 authorizes the use of water for combined domestic and irrigation purposes; 1000 gallons a day, year-round is authorized for domestic use and 172.5 acre feet a year, from April 1 to September 3, is authorized for irrigation purpose.
- 3 authorize the diversion of large quantities of water for irrigation purposes, for a total amount authorized of 466.75 acre feet, from April 1 to September 30.

The Xaxli'p Nation holds Final Water License 9675, which is third in priority on Sallus Creek. No recent information was located on file regarding the current exercise of rights authorized under this license.

Water Licensing records report Sallus Creek as fully recorded for irrigation use.

The Water Survey of Canada has no records of streamflow on Sallus Creek.

Notes:

1. The Indian Reserve Commission allocated the Xaxli'p Nation the surplus waters of Eleven Mile Creek (Gibbs Creek) and Fourteen Mile Creek (Sallus Creek) for use on Fountain Reserve No. 3. The Xaxli'p First Nation's rights to the waters of Sallus Creek, as allocated by the Indian Reserve Commission, have not been formally recognized by the Province.

2. The issue of Final License 9675, in substitution of Conditional License 3492, resulted in a loss of licensed rights for the Xaxli'p Nation on Sallus Creek.

Santini Spring

History:

Mar 18, 1954 Deputy Comptroller of Water Rights acknowledged that the property to which Final Licenses No. 3297, 4690, 5453 and 5454, Fountain Creek are appurtenant, was purchased by the Department of Indian Affairs. As such, registration of the licenses listed above was transferred to Department's title. Final License 3136, which authorized the diversion of 500 gallons of water a day from Santini Spring, for domestic purposes, was also recognized as land held by the Department of Indian Affairs.

Jan 2, 1974 The Comptroller of Water Rights issued Conditional Water License 41496 to the Honorable Minister of Indian and Northern Affairs of Ottawa, on the behalf of the Xaxli'p Nation. The license was assigned a precedence date of August 14, 1972 and authorizes the diversion of 1,500 gallons a day, year-round from Santini Spring. The water is to be used for domestic purposes on Lots 1, 3 and 18, of Fountain Reserve No. 1B, Lillooet District, Plan M478.

Accompanying Conditional License 41496, the Deputy Minister of Lands issued a Permit Under the Water Act Authorizing the Occupation of Crown Land, Permit No. 11112. Permit No. 11112 authorizes the occupation of a portion of Lot 3454 in the Lillooet District.

The Xaxli'p Nation had originally applied for the right to divert 2,000 gallons a day from Santini Spring. A lesser quantity (1,500 gallons per day) was authorized under Conditional License 41496. The reduced volume was determined to be sufficient for the service of all existing dwellings.

Current Status:

Conditional Water License 41496 and Final Water License 3136, both in the name of the Xaxli'p Nation, are the only licenses active on Santini Spring. Consequently the two licenses are first and second in priority. No recent information was located on file with regard to the current exercise of rights authorized under these licenses

The Water Survey of Canada has no records of streamflow on Santini Spring. No additional sources of water availability data were located during the course of this review.

Notes:

1. Conditional Water License 41496 was issued for a lesser quantity than originally applied for.

OTHER INFORMATION:

Additional Water Records:

The *Schedule of Indian Reserves in the Dominion*, 1913, is a document published by the federal government, recording each Band's water allocations up to 1913. it is believed that the records contained in the *Schedule* are a compilation of Minute of Decisions, Order-in-Councils, and other documents. Unfortunately, as the original copies of these documents cannot be located, the dates and information referenced in the *Schedule* cannot be verified.

Allocations in the *Schedule of Indian Reserves in the Dominion* for the benefit of the Xaxli'p Nation, which are inconsistent with our findings, are:

Reserve	Water Allocation
Fountain 3	*"The privilege of fishing on both banks of Fraser*

Alternate Water Sources:

Groundwater Records:

A review of well records maintained by the MELP - Groundwater Section found that no wells have been reported on the reserves held by the Xaxli'p Nation. As the provision of well information to the Groundwater Section is voluntary, this review should not be assumed to be complete.

Municipal Water Supply:

The proximity of some Xaxli'p Nation reserves to the Village of Lillooet presents potential water supply to certain reserves via connection to the Lillooet District Municipal water system. The Municipality of Lillooet obtains its' water from Town Creek, Tyee Jimmy Creek and Seton River. In 1993, the Village of Lillooet experienced a peak daily demand in excess of 102 million gallons, well over their authorized maximum daily allowance under their licenses. The annual demand of the Municipality, however, is well below their licensed rights.

Minutes of Decision

Fountain Indians.

No. 1.

The old Reserve of fifty (50) acres situated between Fountain creek and Lot 1, Group 2, Lillooet district, is confirmed, and an addition made of three hundred (300) acres, lying to the South of it.

Commencing at the South-eastern corner of Lot 1, Group 2, Lillooet district, and running South 40 chains; thence East 20 chains; thence South 20 chains; thence East 30 chains; thence North an approximate distance of 77 chains to a point due East of the North-eastern corner of the old reserve. thence West to the said corner; and thence following the boundary of the old reserve to the point of commencement.

Water.

The unappropriated Water of Fountain creek is set apart for use on this reserve.

No. 2.

Fountain Indians.

No. 2.

A Reserve of about one hundred and thirty (130) acres, situated on the Lillooet-Clinton waggon road, near the 7 mile post.

Commencing at a pine tree marked Indian Reserve, and running West 20 chains; thence North to the Fraser river; thence — Eastward up the left bank of the said river to a point due North of the Starting point; and thence South to place of commencement.

No. 3.

A Reserve of two hundred and eighty (280) acres, situated on the Lillooet-Clinton waggon road, between the 13 and 14 mile posts, and adjoining the farm of Mr. Joseph Levanteur.

Commencing at a fir tree marked Indian Reserve, on the left bank of the 14 mile creek, and running thence East 30 chains; thence South 40 chains; thence East 30 chains; thence South 60 chains; thence West to the waggon road; and thence along the said road to place of commencement.

Viati.

Fountain Indians.

Victor. Geo. A. Williams

The surplus Waters of 11 and 14 mile creeks are reserved for the use of the Indians.

No. 4.

A Reserve of one hundred and sixty (160) acres, situated on Fountain creek, about 5 miles from the Fraser river.

Commencing at a fir tree marked Indian Reserve, on the left bank of Red creek, and running East 30 chains; thence South 40 chains; thence West 40 chains; thence North 40 chains; and thence 10 chains East to point of commencement.

Water.

The Waters of Fountain creek, and Red creek are allotted for use on this Reserve.

No. 5.

A Reserve of two hundred and forty (240) acres, situated on Fountain creek, at the foot of Quist-li-ac-mo" Lake.

Commencing

Fountain Indians.

No 5. Continued.

Commencing at a cottonwood tree marked Indian Reserve, on the bank of Dust-a-ne-nu lake, and running East 16 chains; thence North 60 chains; thence West 30 chains; thence South 60 chains; and thence 14 chains East to place of commencement.

Main.

The Kullyspell of Fountain, and Cle-new-espe creeks are reserved for use on this reserve.

No 6.

A Reserve of five hundred and forty (540) acres, situated at the summit of the Fountain valley, between Fish lake, and a little the head water of Fountain creek.

Commencing at a living cottonwood tree marked Indian Reserve, and running East 16 chains; thence North 180 chains; thence West 30 chains; thence South 180 chains; and thence 16 chains East to place of commencement.

Wells

Fountain Indians.

Water.

The Water of "Sure-ō-mie" creek which flows through this reserve is allotted for the use of the Indians.

Approving of the diversion for the benefit of the Fountain Reserve Indians, Lillooet District, of 300 inches of water from Fountain Crrek for irrigation purposes.

Report and file 90 I.A.W.
returned to I.A.W. dept. 10/4/91

On a Memorandum from the Honourable the Acting Chief Commissioner of Lands & Works, dated 31st December 1890, enclosing a report from the Assistant Commissioner for Lillooet District upon the application of Mr Meason, Indian Agent, for various Water Records for the use of the Indians under his supervision.

And recommending that the Commissioner be authorized to grant the application for Water Records in those instances where no objection exists.

The Committee Advise approval

Chas. Poolay

President of Executive Council

Approved 9th January 1891

H. Cambie Joly

Lieutenant Governor

Hugh A Nelson

Government House, Victoria,

6th January 189 1.

On the recommendation of the Honourable the

Acting Chief Commissioner, of Lands and Works,

His Honour the Lieutenant-Governor, by and with the advice of the Executive Council, has been pleased to order, and it is hereby ordered, that the Assistant Commissioner of Lands and works for Lillooet District, be, and is hereby, authorized to grant the application of Mr William Laing Meason Indian Agent, for Water Records for the use of the Indians of the Williams Lake Indian Agency,

provided there be no adverse reasons at the issue of said Records. -

Jno. Robson

Clerk, Executive Council.

LANDS & WORKS DEPARTMENT
DEC 27 1890
VICTORIA, B. C.

GOVERNMENT OFFICE
DEC 19 1890
CLINTON, B. C.

Sir,

I have honour to report that Mr. W. Lomas Indian Agent for this District, gave notice, in the Govt. Gazette of March 20th. 1890. and also in the Kamloops Sentinel of similar date, of his intention to apply to you for permission to divert and use for the purposes of irrigation on Indian Reserves in this District, certain waters as set out in his notice of Application.

Mr. Lomas now applies for a Record to be made of the various described applications.

The amount of water applied for, in each case, as a rule is very small and with few exceptions are not already claimed by white settlers.

For your reference I have annexed the original Copies of notice of intention, and my remarks on each application, and enclose same herewith, awaiting your instructions with regard Record.

I have the honour to be

Sir

Your Obedt. Servant

The Hon. J. Vernon
Chief Commissioner of Lds. & Works
Victoria

...by the present ditch to the ...
...and creek.

...reserve of water from a small ...through this Reserve to the south side of ...Creek, to be conveyed by the present ditch on ...part of the Reserve.

FOUNTAIN RESERVE:

No. 1.—One hundred inches of water from Fountain Creek, to be diverted at the present ditch head.

No. 2.—The right to build a dam at the outlet of a lake, situate at the head of Fountain Creek, and at one mile of said creek, and to store the water of the creek in said lake in the spring and fall, when it is not used and runs to waste: the water thus stored to be conveyed by the creek to the present ditch head, and thence conveyed by said ditch on to the Reserve.

McCARTNEY'S FLAT RESERVE:

Twenty-five inches of water from a spring situate one-half mile east of the Reserve, at the foot of the mountain, to be conveyed, as at present, by a ditch and flume on to the Reserve.

LILLOOET RESERVE:

No. 1.—Twenty-five inches of water from a small stream running through that part of the Reserve situate near Cayoosh Creek.

No. 2.—Twelve inches of water from a spring upon the flat at the village.

No. 3.—Fifty inches of water from Dickey Creek, to be diverted on the top of the mountain, and conveyed thence into Hoey Creek, and taken out again by the present ditch. The water to be conveyed in such manner that the water of Hoey Creek shall not be made muddy.

CAYOOSE RESERVE:

No. 1.—One hundred inches of water from Cayoose Creek, to be conveyed by the present ditch on to the Reserve.

No. 2.—Twelve inches of water from a spring upon the upper flat of the Reserve.

PASHILQUA RESERVE:

Twenty-five inches of water from a spring running through the Reserve.

GARDEN FLAT RESERVE:

Fifty inches of water from a creek running through the Reserve, to be conveyed by the present ditch.

CHUACK RESERVE:

Fifty inches of water from the creek running through the Reserve, to be conveyed by the two present ditches.

COLCHOPA RESERVE:

No. 1.—One hundred inches of water from Hardy Creek, to be diverted at a point below the road, and conveyed by the present ditch on to the Reserve.

No. 2.—Fifty inches of water from a creek upon that part of the Reserve situate on the east bank of Fraser River, to be conveyed by the present ditch on to the Reserve.

SETON LAKE MISSION RESERVE:

No. 1.—Twenty inches of water from a creek running through the Ignace Reserve.

No. 2.—Twelve inches of water from a spring on the small reserve on the south side of lake, nearly

hundred inches of water from [illegible] conveyed by the present ditch to the [illegible] side of said creek.

Twenty-five inches of water from a small [illegible] through the Reserve on south side of [illegible]'s Creek, to be conveyed by the present ditch on to that part of the Reserve.

[illegible] Reserve:

No. 1.—One hundred inches of water from Fountain Creek, to be diverted at the present ditch head.

No. 2.—The right to build a dam at the outlet of a [illegible] situate at the head of Fountain Creek, and at the outlet of said creek, and to store the water of the [illegible] in said lake in the spring and fall, when it is [illegible] and runs to waste; the water thus stored to be conveyed by the creek to the present ditch head, [illegible] conveyed by said ditch on to the Reserve.

[illegible]'s Flat Reserve:

Twenty-five inches of water from a spring situate [illegible] miles east of the Reserve, at the head of the [illegible] to be conveyed, as at present, by a ditch [illegible] Reserve on to the Reserve.

[illegible] Reserve:

No. 1.—Twenty-five inches of water from a small [illegible] running through that part of the Reserve [illegible] near Cayoosh Creek.

No. 2.—Twelve inches of water from a spring upon [illegible] of the village.

No. 3.—Fifty inches of water from Dickson's [illegible] to be diverted on the top of the mountain, and conveyed thence into Hoey Creek, and taken out again by the present ditch. The water to be conveyed in such [illegible] that the water of Hoey Creek shall not be [illegible] muddy.

Cayoosh Reserve:

No. 1.—One hundred inches of water from Cayoosh Creek, to be conveyed by the present ditch on to the Reserve.

No. 2.—Twelve inches of water from a spring upon the upper flat of the Reserve.

Pemberton Reserve:

Twenty-five inches of water from a spring running through the Reserve.

Gardiner Flat Reserve:

Fifty inches of water from a creek running through the Reserve, to be conveyed by the present ditch.

Cinnamt Reserve:

Fifty inches of water from the creek running through the Reserve, to be conveyed by the two present ditches.

Columbia Reserve:

No. 1.—One hundred inches of water from Hardy Creek, to be diverted at a point below the road, and conveyed by the present ditch on to the Reserve.

No. 2.—Fifty inches of water from a creek upon that part of the Reserve situate on the east bank of Fraser River, to be conveyed by the present ditch on to the Reserve.

Seton Lake Mission Reserve:

No. 1.—Twenty inches of water from a creek running through the Ignace Reserve.

No. 2.—Twelve inches of water from a spring on the small reserve on the south side of lake, nearly opposite No. 1.

No. 3.—Fifty inches of water from a creek on the Reserve, one mile west of Mission Village.

No. 4.—Twelve inches of water from a spring on south side of lake, on a small Reserve nearly opposite the Mission.

Scuzzim Reserve:

No. 1.—Twenty inches of water from a creek running through the Reserve, near the old village.

No. 2.—Twenty inches of water from a creek upon a high bench of the Reserve, and two miles east from No. 1.

No. 3.—One hundred inches of water from Portage River, which flows through the Reserve.

Necait Reserve:

Fifty inches of water from a creek running through the Reserve.

Nequatqua Reserve:

No. 1.—One hundred inches of water from Anderson River, which flows through the Reserve.

No. 2.—Twenty-five inches of water from a small creek running through a Reserve on the Portage Road, about three miles from head of Anderson Lake.

Bridge River Reserve:

No. 1.—Twenty-five inches of water from a small creek running through the Reserve, one mile north of the village on Fraser River.

No. 2.—Fifty inches of water from Big Creek, adjoining a Reserve on Fraser River about eight miles north of No. 1, to be conducted by a ditch under construction.

No. 3. Fifty inches of water from a creek upon the Reserve, and about three miles from the mouth of Bridge River, on the south bank.

No. 4.—Fifty inches of water from a creek upon the Reserve, on the south bank of Bridge River about 24 miles up the river from No. 3.

No. 5.—Fifty inches of water from Chasm's Creek, on the Reserve, about six miles up the river from No. 4, upon the south bank.

No. 6.—Ten inches of water from a spring upon the [illegible] about four miles from the mouth of Bridge [illegible] upon the south bank.

No. 7.—Fifty inches of water from a creek upon [illegible] about seven miles from No. 6, up Bridge River, [illegible] bank.

[illegible] through No. 7 are all utilized by means [illegible] for irrigating the various portions of the [illegible] which are under cultivation.

[illegible] LANDS RESERVED.

, 1895.

His Honour the Lieutenant Governor under the authority of Section 52 of the 'Land Act,' and by and with the advice of His Executive Council, has been pleased to approve, and does hereby approve, of the diversion for the benefit of the Fountain Reserve Indians, Lillooet District of three hundred inches of water from Fountain Creek, for irrigation purposes.

A. Greenhalgh Reddie.

Deputy Clerk, Executive Council.

On a Memorandum from the Honourable the Chief Commissioner of Lands and Works, dated 22nd April 1895, reporting.

That Mr Indian Agent Bell has made application under the provisions of Section 52 of the Land Act on behalf of the Fountain Reserve Indians for permission to divert and use 300 inches of water to be taken from Fountain Creek.

That Mr Soues, Goverment Agent, reports favourably on the application, a copy of which report is enclosed with this Minute.

And recommending that the application be granted.

The Committee advise approval

Jno B Martin

for President of Executive Council

Approved 3rd May 1895.

J. C. Pinning

[illegible]

NOTICE is hereby given that at the expiration of 30 days I shall apply to the Chief Commissioner of Lands and Works for permission to divert and use for irrigation purposes three hundred inches of water from the Fountain Creek, for the use of the Fountain Reserve Indians for a term of ninety-nine years.

E. BELL,
Indian Agent.

Clinton, March 13th, 1895. mh21

Government Office

Clinton, B. C.

Apr 17 1895

Sir,

With reference to the above advertisement from the British Columbia Gazette, and in compliance with sub section (a) of Section 52 Land Act 1894. I have the honour to report, that the volume of water in Fountain Creek on an average is sufficient for the parties claiming water therefrom inclusive of the above named application for the use of the Fountain Reserve Indians. I am not aware of any damage likely to accrue from such diversion to land owners or persons having water right on the said creek, other than possible damage to the Lillooet-Alexandria Waggon road, at the points where it may be carried across said road.

The amount I have no doubt is necessary and also reasonable, for the amount of land owned by the Fountain Indians.

I may say that 300 inches of water has been claimed and duly recorded for mining purposes from Fountain Creek, for the past 16 or 17 years by various Chinese Cos. Their claims are worked out, and they have sold their ditch, & right to the water, if any, to the Fountain Indians for a certain sum, one half I believe has been paid by the Indians & the other half by the Indian Department.

I recommend that the application for record

be favourably entertained.

I have the honour to be,

Sir,

Your obedient servant

(Sgd) F. Sousa

Govt Agent

Sir,

I have the honour to enclose herewith an application by Mr. E. Bell, Indian Agent, for a record of water for certain Indians of the Indian Reserve near the Fountain, District of Lillooet.

The applicant has fully complied with the requirements of the sub-sections of section 35 of the "Water Clauses Consolidation Act 1897".

As there is no one affected by the desired diversion of water in this case, I recommend that the application be favourably considered.

I have the honour to be,

Sir,

Your obedient servant

Mr.

On the recommendation of the Honourable

The Chief Commissioner of Lands and Works,

and under the provisions of _____ Chapter 190: R.S.,

His Honour the ~~Lieutenant Governor~~ Administrator of British Columbia, by and with the advice of his Executive Council, doth order as follows: that the Water Records referred to in the annexed Minute of Council be and are hereby ratified and confirmed and that certified ~~copies~~ a copy of ~~Order in Council~~ the said Minute be forwarded to the Assistant Commissioner of Lands and Works at (Lillooet) Clinton. and to A. W. Vowell, Superintendent of Indian Affairs at Victoria, ~~respectively~~.

A. Campbell Redding.

Deputy Clerk ~~Executive~~ Council.

APPROVED AND ORDERED THIS DAY OF A.D. 190

Lieutenant-Governor

Administrator

4.5/6

To His Honour

The ~~Lieutenant Governor~~ Administrator in Council

The undersigned has the honour to report for the con. Council:-

That the following Water Records have been issued by the Assistant Commissioner of Lands and Works at Clinton under the provisions of the Water Clauses Consolidation Act, without first having obtained the authority of the Lieutenant Governor in Council as provided by said Section.

Water Record No. 15 dated April 5th, 1907, issued to the Indian Reserve, McCartneys Flat below Lillooet, for 20 inches of water out of a small spring adjoining the said Indian Reserve, for use on the Indian Reserve, McCartneys Flat.

Water Record No. 20, dated August 24th, 1909, issued to Fountain Indian Reserve, Lorenzo Valley for 100 inches of water out of We-o-ris Creek, for use on Indian Reserve, Lorenzo Valley.

Water Record No. 30, dated January 6th, 1900, issued to Anderson Lake, Indian Reservation, for 100 inches of water from a small stream flowing from the mountain on the West side of Anderson Lake Reserve about a quarter of a mile from the head of the lake for use on Anderson Lake, Indian Reservation.

Water Record No. 56, dated November 7th, 1902, issued to Bonaparte Indian Reservation No. 2, for 100 inches of water from Hat Creek for use on Bonaparte Indian Reservation No. 2.

Water Record No. 59 dated May 18th, 1905, issued to Lillooet Indian Reservation for 100 inches of water out of three small springs about four miles north of the town of Lillooet for use on Lillooet reservation.

Water Record No. 64 dated November, 3rd, 1908, issued to the High Bar Indians for 200 inches of water from Watson Bar Creek for use on the High Bar Indian Reservation.

Water Record No. 65 dated June 20th, 1904, issued to the Fountain Indians for 100 inches of water from Fountain Creek for use on the Fountain Indian Reserve.

Water Record No. 78 dated September 14th, 1905, issued to the Pavilion Band of Indians for 100 inches of water from a small stream on the [illegible] on the Indian Map No. 3, in Marble Canyon, for use on Pavilion Indian Reserve No. 5.

Water Record No. 82 dated September 14, 1905, issued to the Pavilion Band of Indians for 30 inches of water from a small stream on the Mountain side above a lake named on the Indian Map No. 3", in Marble Canyon for use on the Pavilion Indian Reserve No. 5.

AND TO RECOMMEND that the aforementioned Water Records be ratified and confirmed as from their respective dates of issue subject to such prior rights as existed and that certified copy of this Minute if approved be forwarded to the Assistant Commissioner of Lands and Works at Lillooet and to A. W. Vowell, Superintendent of Indian Affairs at Victoria, respectively.

Dated this 30th day of May, A.D. 1908.

Jno. J. Sutton

Chief Commissioner of Lands and Works,

Approved this 2nd day of June, A. D. 1908.

Provincial Member of the Executive Council.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE

(IRRIGATION)

WHEREAS H. Graham, as Agent for the Indians on the Fountain /Indian Reserve No. 3. whose post-office address is Lytton, B. C.

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

(1.) Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(*a.*) The source of the water-supply is Fourteen Mile Creek a tributary of the Fraser River

(*b.*) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(*c.*) The date from which this licence shall take precedence is 2nd December, 1914.

Superseded by 07675 Final Licence

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (*g*) hereof are under irrigation is, until lawfully altered, 500 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 2½ acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. -------- from ---------- (Stream.) and Licence No. -------- from ---------- (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data has been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum is 2½ acre-feet per acre of land irrigated and an additional amount for reasonable seepage and evaporation.

And provided further that there may be used in addition ---------- gallons of water per day throughout the whole year for domestic purpose as being incidental to the irrigation purpose.

Licence Number 3492

Form 1004. W.R.B. (Conditional Licence—Irrigation).—1,000-5-17.

File No. 25194.

(*f.*) The period of the year during which the water may be used is 1st April to 30th September.

(*g.*) The area and description of the irrigable lands to which this right may extend on completion of works and beneficial use of the water in the irrigation of the said lands are about 200 acres, comprising part of the Fountain Indian Reserve No. 3.

The extent and location of the said irrigable lands are further shown in the said exhibit "A."

(*h.*) The other terms and conditions respecting the right are:—

(1.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached and hereby made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(2.) The said construction shall be commenced on or before the first day of May 1919

(3.) The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller, and shall be completed on or before the thirtieth day of September 1922.

(4.) The lands described in clause (*g*) hereof shall have been properly prepared for irrigation and shall have been irrigated beneficially from the said works on or before the thirtieth day of September 1922

(5.)

(*i.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*j.*)

(2.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

Issued this twenty-fourth day of August 1918.

CONDITIONAL WATER LICENCE
(IRRIGATION)

Appurtenant to 66 acres of Fountain Indian Reserve No. 5.

WHEREAS H. Graham, Indian Agent whose post-office address is Lytton, B. C.

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

(1.) Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(*a.*) The source of the water-supply is Klenoxoupe Creek a tributary of Fountain Creek

(*b.*) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(*c.*) The date from which this licence shall take precedence is 25 June, 1920 recorded by 9993 Final Licence 22

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (*g*) hereof are under irrigation is, until lawfully altered, 200 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 3 acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. ..... from ..... (Stream.)

and Licence No. ..... from ..... (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data have been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum is 3 acre-feet per acre of land irrigated and an additional amount for reasonable seepage and evaporation.

And provided further that there may be used in addition 1000 gallons of water per day throughout the whole year for domestic purpose as being incidental to the irrigation purpose.

Licence Number 5262

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters of Cinquefoil Creek in the neighbourhood of Lillooet, in the Ashcroft Water District.

NOW, on the 11th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 20-15-1) that a valid water record affecting the said claim was made under authority of an Act passed prior to the 12th day of March, 1909, and that under the said water record the Fountain tribe or band of Indians was granted a right to take and use water from Cinquefoil Creek, a tributary of Fraser River, for irrigation and domestic purposes on the Fountain Indian Reserve, being Reserve No.6 of the said tribe or band.

Form 382. W.R.B.—2,000-12-19. Order No. 2103.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a*.) The sources of the water supply Cinquefoil Creek, a tributary of Fraser River.

(*b*.) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c*.) The date from which the said licence shall take precedence is 24th August, 1899.

(*d*.) The purpose for which the water is to be used is irrigation.

(*e*.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 552 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is two (2) acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f*.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g*.) The water may be used on the Fountain Indian Reserve No.6 of which 276 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h*.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i*.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j*.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k*.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.2693.

Copy for Comptroller

(f.) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1,500 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding ---------- acre-feet) as, together with the natural flow water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of ---------- and it may be stored (accumulated) in a reservoir at ----------

---------- between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (d), (e), and (f) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (c) hereof.

(m.) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(n.) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

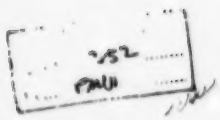

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Gibbs (formerly 11-Mile) Creek

in the neighbourhood of Lillooet, in the

Lillooet Water District.

NOW, on the 11th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 21-15-1) that a valid water record affecting the said claim was made under the authority of an Act passed prior to the 12th day of March, 1909, and that under the said water record the owner of Lot 37, Group 1, Lillooet District, was granted a right to take and use water from 11-Mile Creek (now known as Gibbs Creek), and that the said Lot 37 now forms part of Reserve No.3 of the Fountain Band of Indians.

Form 386, W.R.B.—2,000-12-'20.

Order No. 2698.

Copy for Comptroller

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply is Gibbs (formerly 11-Mile) Creek, a tributary of Fraser River.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date from which the said licence shall take precedence is 24th October, 1865.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, is 357 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on Lot 37, Group 1, Lillooet, being part of Fountain Indian Reserve No.3 of which 119 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No.2698.

Form 287, W.R.B.—2,000-12-20.

Order No. 2698

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE
(IRRIGATION)

Appurtenant to 19 acres of Fountain Indian Reserve No. 10.

WHEREAS H. Graham, Indian Agent, in trust for the Indians on the Fountain Indian Reserve No. 10, whose post-office address is Lytton, B.C. as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee hereunder the right to take and use water under the following terms and conditions:—

(1.) The source of the water-supply is Fountain Creek, a tributary of the Fraser River.

(2.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(3.) The date from which this licence shall take precedence is 13th June, 1923.

Superseded by 9991 Final Licence

(4.) The purpose for which the water is to be used is irrigation ~~and incidentally domestic use~~.

(5.) The maximum quantity of water which may be diverted for use upon the lands mentioned in clause (7) hereof when all of the said lands are under irrigation is, until lawfully altered 57 acre-feet per annum, and such additional quantity as the District Engineer may from time to time determine should be allowed for seepage and evaporation; and the maximum quantity which may be used on any acre of the said lands in any year is 3 acre-feet: Provided that of the said - - - - - acre-feet there may be used - - - - - - - - - - gallons of water a day throughout the whole year for domestic purpose.

(6.) The period of the year during which the water may be used is 1st April to 30th September.

(7.) The area and description of the lands upon which the water may be used are 19 acres, comprising part of the Indian Reserve No. 10 of the Fountain Band of Indians.

The extent and location of the said irrigable lands are further shown in the said exhibit "A."

License Number 7225

Form 1001, W.R.B. (Conditional Licence—Irrigation)—2,000-7-23—[illegible].

File No. 047760

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the 1st day of November, 1930.

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

The said construction has already been commenced.

~~day of~~

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the 1st day of November, 1930.

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to Licence No for the diversion of acre-feet per annum from and Licence No for the diversion of acre-feet per annum from but no more than acre-feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all the lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including especially the provisions of section 117 thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

9503-4

PROVINCE OF BRITISH COLUMBIA. **WATER RIGHTS BRANCH.** DEPARTMENT OF LANDS.

CONDITIONAL WATER LICENCE.

FOR STORAGE PURPOSE.

Appurtenant to 19 acres of Fountain Indian Reserve

No. 10.

WHEREAS H. Graham, Indian Agent, in trust for the Indians, ~~whose~~ on the Fountain Indian Reserve No. 10, whose post-office address is Lytton, B.C.

as owner or lawful occupant of the land, mine, or undertaking hereinafter mentioned, has applied for a licence to store water; and

Whereas a licence or record has been previously issued or made in respect of the said land, mine, or undertaking, being Licence No. 7225 (hereinafter called the "diversion licence or record"), authorizing the beneficial use of 57 acre feet (Quantity.) of water per annum for Irrigation purpose, which quantity of water the water to be stored under the licence hereby issued is intended to supply in whole or in part; and

Whereas the said applicant has taken all the preliminary steps required of him under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting a right to store water under the following terms and conditions:—

(*a.*) The source of the supply is Fountain Creek ~~Conditional Licence 9995~~ and the reservoir is Quotlenemo Lake. Final Licence

(*b.*) The point or points of diversion from the stream or streams, and the points where the stored water is to be placed in and taken from any natural watercourse or any dry gulch or draw is shown in the exhibit marked "A," hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(*c.*) The date from which this licence and the right to store water thereunder shall take precedence is 13th June, 1923.

(*d.*) The purpose for which the stored water is to be used is that set out in the diversion licence or record.

(*e.*) The maximum quantity of water which may be stored under this licence, estimated for the time being at 57 acre-feet per annum, is such quantity as, together with the quantity of natural-flow water used under the diversion licence or record will be necessary to secure to the licensee the quantity to which he is entitled under the said diversion licence or record.

(*f.*) The period of the year during which the water may be stored (accumulated) is from the 1st day of October to the 15th day of June, but it may be retained in the reservoir until required for use under the diversion licence or record subject to the approval of the Engineer of the Water District.

Licence Number 7226

Form 1008, W.R.B. (Conditional Licence—Storage).—1,000-6-21

File No. 047760

(*g.*) The land, mine, or undertaking on which or in respect of which the water may be used is as set out in the diversion licence or record.

(*h.*) The works which are required to be constructed consist of all the works set out in exhibit "B" hereto attached, which is incorporated herewith and made a part hereof.

(*i.*) The construction of the said works ~~shall be commenced on or before the ..... day of ....., 192....~~ has already been commenced., and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said construction shall be completed and the water beneficially used for the purpose set out in this licence on or before the 1st day of November, 1930.

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*l.*) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Fountain Creek and Adolph Spring

in the neighbourhood of Lillooet in the

Lillooet Water District.

NOW, on the 11th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 23-15-1) that a valid water record affecting the said claim was made under authority of an Act passed prior to the 12th day of March, 1909, and that under the said record the Fountain tribe or band of Indians was granted a right to take and use water from Fountain Creek and Adolph Spring and to store water in Quotlenemo Lake, the said waters to be used for irrigation and domestic purposes on the Fountain Indian Reserve, being Reserve No.1 of the said tribe or band.

7366

Order No. 2690.

Form 348, W.R.B. -2,000-12-20.

Copy

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The sources of the water supply are Fountain Creek, a tributary of the Fraser River, and Adolph Spring on Fountain I. R. No.1.

(*b.*) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date ~~for~~ from which the said licence shall take precedence is 23rd February, 1891.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered,—

is 444 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Fountain Indian Reserve (No.1 Fountain) of which 148 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930. 7366

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 2690.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 6,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding 268 acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of Fountain Creek and it may be stored (accumulated) in a reservoir at Quatlenemo Lake (dam "D", Water Rights Map 4504), between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(*a.*) The source of the water supply is Fountain Creek, a tributary of Fraser River.

(*b.*) The point of diversion from the said sources is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(*c.*) The date from which the said licence shall take precedence is 23rd February, 1891.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (*g*) of this clause, until lawfully altered, — is 120 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where sources of supply other than those named in subclause (*a*) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (*g*) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(*f.*) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(*g.*) The water may be used on the Fountain Indian Reserve (No.2 Fountain) of which 40 acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(*h.*) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(*i.*) The execution of the said works shall be commenced or resumed on or before the first day of June, 1924, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(*j.*) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

7367

(*k.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 2691.

Copy for Comptroller

(*l.*) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of 1,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding 67 acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of Fountain Creek and it may be stored (accumulated) in a reservoir at Quotlenemo Lake (dam "D". Water Rights Map 4504) between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (*d*), (*e*), and (*f*) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (*e*) hereof.

(*m.*) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(*n.*) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

THE PROVINCE OF BRITISH COLUMBIA—WATER ACT

CONDITIONAL WATER LICENCE

Superintendent General of Indian Affairs (Lytton Agency) of Ottawa, Ontario

is/are hereby authorized to divert and use water as follows:—

(a) The source(s) of the water-supply is/are Fountain Creek.

(b) The point(s) of diversion is/are located as shown on the attached plan.

(c) The date from which this licence shall have precedence is 23rd June, 1970.

(d) The purpose for which the water is to be used is domestic.

(e) The maximum quantity of water which may be diverted is 500 gallons a day,

and such additional quantity as the Engineer may from time to time determine should be allowed for losses.

(f) The period of the year during which the water may be used is the whole year.

(g) The land upon which the water is to be used and to which this licence is appurtenant is Lot 6 of Fountain Indian Reserve #5, Lillooet District, (Lease No. 69 - 1106) on file with Department of Indian Affairs, Ottawa, Ontario.

(h) The works authorized to be constructed are diversion structure, pipe, pump and tank,

which shall be located approximately as shown on the attached plan.

(i) The construction of the said works shall be commenced on or before the 30th day of June, 1972, and shall be completed and the water beneficially used on or before the 31st day of December, 1975.

(j) This licence authorizes the use of water for domestic purpose in one dwelling located approximately as shown on the attached plan.

H. D. DeBeck,
Comptroller of Water Rights.

PROVINCE OF BRITISH COLUMBIA. **WATER RIGHTS BRANCH.** DEPARTMENT OF LANDS.

DETERMINATION AND ORDER

(For a Final Water Licence for Domestic Purposes)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT."

In the Matter of the Rights and Claims to the Waters of certain Streams lying in

Lillooet Water District, in the Neighbourhood

of Lillooet, B.C.

NOW, on this 15th day of July, 191 4 the above-entitled matter coming on regularly for final hearing before the Board of Investigation; notice of the intention to investigate all and every the said rights and claims having been given by the Board as required by the "Water Act"; all persons having claims to water on the said streams or in the said locality having been directed to file their claims with the Board; due notice having been given of the times and places of preliminary and final hearings respectively in the above-entitled matter; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at this hearing; and the Board, being now fully advised in the premises, determines with respect to the claim of John M. Mackinnon

the said claim being on file and numbered 127-6-16 :—

1. That a valid record affecting the said claim was made under the authority of an Act passed prior to the 12th day of March, 1909, and that under the said record the owner of the particular hereditament set out in subclause (*g*) of clause 2 hereof was granted a right to take and (or) use water from the source of supply set out in subclause (*a*) of the said clause for the purpose specified in subclause (*d*) of the said clause.

2. The Comptroller of Water Rights is hereby directed to issue a licence in respect of the said record and claim embodying the following terms and conditions:—

(*a.*) The source of the water-supply is Santini Spring

a tributary of Fraser River

(*b.*) The point of diversion from the stream is located as shown in the exhibit marked "A" which is hereto attached and hereby made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(*c.*) The date from which the said licence shall take precedence is 22nd December 1905

(*d.*) The purpose for which the water is to be used is Domestic

(*e.*) The maximum quantity of water which may be used is 500

gallons per day; cubic feet per second.

(*f.*) The period of the year during which the water may be used is the whole year

Form No. 550, W.R.B. (Board Order—Domestic, etc.—Works completed)—1,000/2/14. Order No. 2684

Copy for Comptroller

(g.) The area and description of the particular hereditament upon which the water may be used are ..... Lot 1, Group 2, Lillooet District .....

.....

.....

and are more particularly shown in the said exhibit "A."

(h.) A concise description of the works constructed is given in the said exhibit "A."

(i.) The other terms and conditions respecting the right herein determined are:—

(1.) The owner or lawful occupant of the particular hereditament in respect whereof the said licence is to be issued shall be the licensee under the said licence, subject to the provisions of the "Water Act."

(2.)

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders and claimants affected thereby.

Made and entered this ..... 19th ..... day of ..... December ....., 1914.

THE BOARD OF INVESTIGATION.

By ..... J. S. T. Alexander ....., *Chairman.*

and ..... E. Davis ....., *Member.*

NOTE.

1. The licensee under the licence directed to be issued in the above order shall be entitled, in respect of the privileges therein determined, to the rights, powers, and privileges and shall be subject to the obligations and limitations conferred and imposed by the "Water Act," amending Acts, and rules and regulations made thereunder.

2. The water is to be used without waste, the use being restricted to the purpose, to the particular hereditament, and to the other terms specified in the above order.

3. The said licence shall be deemed appurtenant to the particular hereditament described in subclause (g) of clause 2 of the above order, and shall pass with any demise, devise, conveyance, alienation, or transfer of the said hereditament.

4. An annual fee shall be payable under the said licence in accordance with fee-schedule and regulations relating thereto adopted from time to time by His Honour the Lieutenant-Governor in Council under the "Water Act."

FINAL WATER LICENCE

(Irrigation)

WHEREAS John McL. Mackinnon, whose address is Vancouver, B. C. is the owner of the lands to which Conditional Licence No. 774 was made appurtenant, and is the applicant for this licence; and

Whereas satisfactory proof has been duly filed, and it has been shown to the satisfaction of the Comptroller that the terms of the said conditional licence have been complied with satisfactorily, and particularly that the works for the diversion and carriage of the water under the said licence have been completed and that beneficial use of the water has been made thereunder:

Now, therefore, in pursuance of the "Water Act, 1914," this final licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(a.) The source of the water-supply is Fountain Creek a tributary of the Fraser River

(b.) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(c.) The date from which this licence and the right to take and use water thereunder shall take precedence is 26th October, 1861.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (g) hereof are under irrigation is, until lawfully altered, 426 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 2½ acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. ..... from ..... (Stream.)

and Licence No. ..... from ..... (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data has been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity as determined. The maximum quantity which may be diverted from the stream per annum

Licence Number 3297

Form 1062. W.R.B. (Final Licence—Irrigation).—1,000-6-14.

File No. 38759.

is 425 acre-feet.

(*f.*) The period of the year during which the water may be used is 1st April to 30th September.

(*g.*) The area and description of the irrigable lands to which this licence shall be appurtenant, subject to beneficial use being made of the water in the irrigation of the said lands, are 170 acres, comprising Lot 1, Gp.2, Lillooet District.; the extent and location of the said lands are further shown by cross-hatching in the said exhibit "A."

(*h.*) The works for the diversion and the carriage of the water consist of diversion dam, ditch, pipe and flume.

(*i.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*j.*) The nature and extent of the incidental use (if any) permitted under this licence are None.

but such use shall not enlarge the quantity of water allowed under item (*e*) above.

(*k.*) The diversion of the quantity of water permitted under this licence shall be limited to such rates of flow in the months of the irrigation season as may be determined, after hydrographic surveys, to be reasonable for the production of ordinary crops on the said lands, and the Comptroller may, after such surveys have been made, require the surrender of this licence and may amend the same by specifying therein such maximum rates of flow.

(*l.*) The terms and conditions of this licence shall replace those of the conditional licence hereinbefore referred to.

(*m.*)

Issued this thirtieth day of May 191 8.

WATER ACT

Section 15

FILE NO. 0265718

In the matter of Final Water Licence 3297 which authorizes the diversion of water from Fountain Creek for irrigation purpose.

Having received an application for Change of Works and being satisfied that no person's rights will be injuriously affected I hereby authorize the construction of a diversion structure, pipe and sprinkler system to be located approximately as shown on the attached amended plan.

The construction of the said works has been commenced and shall be completed and the water beneficially used on or before the 31st day of December, 1974.

Dated at Victoria, B.C. this 6th day of March, 1974.

A.K. Sutherland,
Deputy Comptroller of Water Rights.

PROVINCE OF BRITISH COLUMBIA. WATER RIGHTS BRANCH. DEPARTMENT OF LANDS.

FINAL WATER LICENCE

(Irrigation)

WHEREAS WALTER S. PAINTER whose address is Vancouver, B.C. is the owner of the lands to which Conditional Licence No. 1352 was made appurtenant, and is the applicant for this licence; and

Whereas satisfactory proof has been duly filed, and it has been shown to the satisfaction of the Comptroller that the terms of the said conditional licence have been complied with satisfactorily, and particularly that the works for the diversion and carriage of the water under the said licence have been completed and that beneficial use of the water has been made thereunder:

Now, therefore, in pursuance of the "Water Act," ~~1911,~~ this final licence is issued, granting the licensee thereunder the right to take and use water under the following terms and conditions:—

(*a.*) The source of the water-supply is Fountain Creek, a tributary of Fraser River.

(*b.*) The point of diversion from the stream is located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(*c.*) The date from which this licence and the right to take and use water thereunder shall take precedence is 7th July, 1913.

(*d.*) The purpose for which the water is to be used is irrigation.

(*e.*) The maximum quantity of water which may be used at the place of use when all the lands mentioned in item (*g*) hereof are under irrigation is, until lawfully altered, 50 acre-feet per annum; and the maximum quantity which may be used per acre at the said place of use in any year is 2½ acre-feet: Provided that if any records have been issued, or if any other licences have been or may hereafter be issued, for the use of water upon the said lands, the maximum quantity allowed under this licence shall be reduced by such quantities as may from time to time be used upon the said lands under such other records or licences, including the records or licences at present outstanding, namely, Licence No. ..... from ..... (Stream.)

and Licence No. ..... from ..... (Stream.)

And provided further that in such cases the Comptroller may, after the requisite hydrographic data has been accumulated for determining the particular quantity of water which may be used under this licence, require the surrender thereof for the purpose of readjustment, and may amend the same by stating therein such particular quantity so determined. The maximum quantity which may be diverted from the stream per annum

Form 1021. W.R.B. (Final Licence—Irrigation).—134-424-1914

File No. 8852.

Licence Number. 4690

is 50 acre-feet plus such reasonable allowance for evaporation and seepage as may be set by the District Engineer.

(*f.*) The period of the year during which the water may be used is .....

1st April to 30th September.

(*g.*) The area and description of the irrigable lands to which this licence shall be appurtenant, subject to beneficial use being made of the water in the irrigation of the said lands, are

20 acres, comprising parts of Lots 702 and 1160, Lillooet District.

.....; the extent and location of the said lands are further shown by cross-hatching in the said exhibit "A."

(*h.*) The works for the diversion and the carriage of the water consist of ditch and flume.

(*i.*) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(*j.*) The nature and extent of the incidental use (if any) permitted under this licence are

None.

but such use shall not enlarge the quantity of water allowed under item (*e*) above.

(*k.*) The diversion of the quantity of water permitted under this licence shall be limited to such rates of flow in the months of the irrigation season as may be determined, after hydrographic surveys, to be reasonable for the production of ordinary crops on the said lands, and the Comptroller may, after such surveys have been made, require the surrender of this licence and may amend the same by specifying therein such maximum rates of flow.

(*l.*) The terms and conditions of this licence shall replace those of the conditional licence hereinbefore referred to.

(*m.*) This licence shall not be valid and effective to authorize the construction and maintenance of any works upon or the use or occupation of any lands belonging to the Crown in the right of Canada unless and until approved by the Minister of the Interior and the Superintendent-General of Indian Affairs, and shall be subject to such terms and conditions as the Minister or the Superintendent-General may prescribe.

Issued this 28th day of February, 192 5.

FILE NO. 0265271

In the matter of Final Water Licence 4690 which authorizes the diversion of water from Fountain Creek for irrigation purpose.

Having received an application for Change of Works and being satisfied that no person's rights will be injuriously affected I hereby authorize the construction of a diversion structure, pipe and sprinkler system, which shall be located approximately as shown on the attached amended plan.

Further to the above and having determined that the land has been redescribed I hereby amend Clause (g) of the said licence to read as follows:

(g) The land upon which the water is to be used and to which this licence is appurtenant is Lot 702 and Part of Lot 1160 lying south of British Columbia Railway Right of Way (Plan A 24) and north of Highway No.12, Lillooet District, of which 20 acres may be irrigated.

The construction of the said works has been commenced and shall be completed and the water beneficially used on or before the 31st day of December, 1974.

Dated at Victoria, B.C. this 20th day of March, 1974.

FINAL WATER LICENCE

(Storage)

WHEREAS WALTER S. PAINTER, whose address is New York, U.S.A.

is the owner of the land, mine, or undertaking to which Conditional Licence No. 3229 was made appurtenant, and is the applicant for this licence and

Whereas satisfactory proof has been duly filed, and it has been shown to the satisfaction of the Comptroller that the terms of the said conditional licence have been complied with satisfactorily, and particularly that the works for the storage of the water under the said licence have been completed; and

Whereas a licence or record has been previously issued or made in respect of the said land, mine, or undertaking, being Final Licence No. 3297 (hereinafter called the "diversion licence"), authorizing the beneficial use of 425 acre-feet (Quantity.) of water per annum for Irrigation purpose, which quantity of water, the water to be stored under the licence hereby issued, is intended to supply in whole or in part; and it appearing that the water authorized to be stored under the conditional licence first above mentioned has been put to a beneficial use:

Now, therefore, in pursuance of the "Water Act," this final licence is issued, granting the licensee thereunder the right to store water under the following terms and conditions:—

(*a.*) The source of the supply is Fountain Creek.

and the reservoir is Quotlenemo Lake.

(*b.*) The point or points of diversion from the stream or streams, and the points where the stored water is to be placed in and taken from any natural watercourse or any dry gulch or draw is shown in the exhibit marked "A," hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria.

(*c.*) The date from which this licence and the right to store water thereunder shall take precedence is 22nd September, 1869.

(*d.*) The purpose for which the stored water is to be used is that set out in the diversion licence or record.

(*e.*) The maximum quantity of water which may be stored under this licence, estimated for the time being at 200 acre-feet per annum, is such quantity as, together with the quantity of natural-flow water used under the diversion licence or record will be necessary to secure to the licensee the quantity to which he is entitled under the said diversion licence or record.

(*f.*) The period of the year during which the water may be stored is 1st October to 1st June.

and the licensee shall so store the same subject to the approval of the Engineer of the Water District.

VICTORIA, B.C.

ORDER

WATER ACT

Section 15

FILE NO. 022718

In the matter of Final Water Licence 9677 which authorizes the diversion of 66 acre feet per annum of water from Red (Rusty) Creek for the irrigation of 22 acres of Fountain Indian Reserve No.4, Lillooet Land District, of which quantity 1,000 gallons a day may be used for domestic purpose.

Having determined that the source of the water-supply has been renamed and being satisfied that no person's rights will be injuriously affected I hereby amend Clause (a) of the said licence to read as follows:

(a) The source of the water-supply is Rusty Creek.

Dated at Victoria, B.C. this 14th day of May, 1974.

FURTHER TERMS AND CONDITIONS OF PERMIT FOR RIGHT-OF-WAY.

1. This permit shall have the effect only of a permit issued under section 50 of the said "Water Act," and the easements, rights, and privileges of the licensee in respect of the said lands thereunder shall be construed as subject always to all the provisions of the said Act and amendments thereof and all rules and regulations from time to time made thereunder.

2. There is reserved to the Crown the right to grant to other persons permits to enter upon, use, and occupy the lands over which the said right-of-way is granted hereunder without payment to the licensee, or his successors in title, of compensation, save for actual damage.

3. In the event of a dispute arising at any time during the term of this permit between the licensee and the registered owner of the lands immediately adjacent to the said right-of-way respecting the exact location of the said right-of-way, the licensee shall at his own expense have the said right-of-way surveyed by a duly qualified land surveyor, and shall likewise file in the Lands Department at Victoria, B.C., a map or plan showing the said right-of-way as surveyed.

4. This permit and the rights granted hereunder shall be subject always to compliance by the licensee with all the terms and conditions of the said licence, and if the said licence should at any time lapse, expire, be cancelled, abandoned, or declared null and void, this permit shall, *ipso facto*, become void and of no effect and all rights granted hereunder shall cease and determine.

THE GOVERNMENT OF THE PROVINCE OF BRITISH COLUMBIA

DEPARTMENT OF LANDS.

Permit under the "Water Act, 1914," authorizing Entry upon Crown Lands.

WHEREAS H. Graham in trust for the Indians of Fountain Indian Reserve No.4
whose post-office address is Lytton, B.C. F9677
being the licensee under Conditional Water Licence No. 5260, has by his petition to the Minister of Lands, pursuant to section 92 of the "Water Act, 1914," dated the fourteenth day of February A.D. 19121, petitioned for a permit to enter upon certain lands hereinafter described, the same being unoccupied Crown lands held in the right of the Province, for the purpose of constructing, maintaining, and operating thereupon the works authorized under said licence, and which petition is accompanied by a plan or sketch satisfactory to the Minister, showing, together with the petition, the number and principal terms of said licence, the nature of the easement required, and the dimensions, area, and location of the right-of-way:

Now, therefore, in pursuance of the "Water Act, 1914," this permit is issued hereby authorising the licensee for the time being under the above-mentioned licence (hereinafter called the "licensee") to enter upon, use, and occupy the said Crown lands which are hereinafter described, for the purpose of constructing, maintaining, and operating the works so authorized under the said licence, subject to the following terms and conditions:—

1. The lands which may be entered upon, used, and occupied, and the character of the works to be constructed, maintained, or operated thereon are: the unoccupied Crown land as set out herein.- The length of the right of way required is 200 feet.
" width " " " " " " " " 15 "
" area " " " " " " " .069 acres
the works to consist of an intake and ditch,
which are further shown on the exhibit marked "A" which is attached hereto and forms a part hereof.

2. The period during which the authority granted under this permit may be exercised, unless sooner terminated as herein provided, is twenty years, subject, however, to renewal at the end of the said term under the laws and regulations then in force.

3. There shall be payable under this permit on the date hereof and annually hereafter, at the office of the Comptroller of Water Rights at the City of Victoria, whether demanded or not, a rental fee (clear of rents, royalties, tolls, or charges levied for the use of the water, and of all taxes, Provincial, municipal, or otherwise, and whether of landlord or tenant and outgoings whatsoever) as may be fixed by or under

17

8

any rules and regulations respecting the entry upon, use of, or occupation of the said lands made from time to time by His Honour the Lieutenant-Governor in Council under authority lawfully vested in him. The said rental fee until lawfully ~~fixed~~ ered shall be $ 1.00

4. This permit gives the licensee the right to cut or remove from said lands such timber only as is necessary for the construction of the said works thereon under said licence and subject to the payment by way of stumpage ~~or royalty~~ at the rate of $ 1.00 per one thousand feet board measure and royalty as provided for in the Timber Royalty Act and Amendment. the same to be determined, paid and collected according to the provisions of the "Forest Act" relating to the collection of royalty.

5. This permit and the exercise of the rights granted thereunder are expressly conditioned upon the following matters and things:—

(a.) The punctual payment of the said rental fee at the respective times and in the manner aforesaid; provided that in the construction of this permit, rent not paid in advance shall for all purposes be deemed to be rent in arrear, and shall carry with it all incidents and remedies attaching by law to rent in arrear, and the said rent, and each instalment thereof, shall be deemed overdue if not paid at the time in that behalf hereinbefore appointed, and that without demand.

(b.) The observance of all and singular the provisions of the land laws and water laws for the time being of the said Province, and the rules and regulations made thereunder, and of the water licence in respect of which this permit is granted, or any final or other water licence issued to replace same.

(c.) In case this permit is found to have been issued to a person who is not entitled to such a permit under the terms of the said "Water Act, 1914," or to have been obtained through fraud or misrepresentation in connection with the application upon which the same was issued, or if the licensee shall fail to fulfil, keep, and observe all and singular the payments, conditions, and stipulations herein, or in the said Act or the rules and regulations made thereunder, contained, or any of them, it shall be lawful for the Minister of Lands of the Province of British Columbia, his agent or servant, on behalf of the Crown, upon thirty days' notice to that effect signed by him, or by any person authorized by him in that behalf, and delivered to the licensee, or published for four consecutive numbers of the British Columbia Gazette, absolutely to forfeit all the rights and privileges authorized or held hereunder, or so much thereof as shall be specified in that behalf in any such notice; and thereupon this permit and all the rights and privileges authorized or held thereunder shall, so far as in accordance with such notice, cease, determine, and be of none effect, without any other proceeding whatever.

(d.) This permit shall have the effect only of a permit issued under section 93 of the said "Water Act, 1914," and the easements, rights, and privileges of the licensee in respect of the said lands thereunder shall be construed as subject always to all the provisions of the said Act and amendments thereof and all rules and regulations from time to time made thereunder.

Issued this seventh day of January ~~19~~ 1922.

File No. 022718.

Deputy *Minister of Lands.*

5.

Subclause (z).

R/W Permit for CL. 5260
File 022718

PROVINCE OF
BRITISH COLUMBIA

DEPARTMENT OF LANDS, FORESTS,
AND WATER RESOURCES

PERMIT UNDER THE WATER ACT AUTHORIZING THE OCCUPATION OF CROWN LAND

The Honourable the Minister of
Indian and Northern Affairs of Ottawa, Ontario.

the holder(s) of Conditional/~~Final~~ Water Licence(s) 41496 authorizing
the diversion of water from Santini Spring

is/are hereby

authorized to occupy Crown land by constructing, maintaining, and operating thereon the works authorized under the said water licence and any licences which may be issued in substitution thereof.

(*a*) The Crown land which is authorized to be occupied under this permit is a portion of
Lot 3454, Lillooet District,

the location of which is shown approximately on the plan attached to the said water licence.

(*b*) The approximate dimensions of the Crown land authorized to be occupied under this permit are
650 feet in length and 15 feet in width having an area of 0.22 acre.

(*c*) Subject to the payment of royalty, stumpage, and other compensation, and the obtaining of a licence to cut timber as provided under Condition 5, the permittee may cut and remove from the said land any timber, the removal of which is necessary to permit construction and maintenance of the said works.

(*d*) The annual rental for this permit is $2.00 , which is subject to review and revision at any time at the discretion of the Crown.

(*e*) This permit is appurtenant to the land, mine, or undertaking to which the aforesaid water licence is appurtenant.

(*f*) The conditions relative to the rights granted under this permit are printed on the back of this form.

Deputy Minister of Lands

File No. 0310679

Ref. Map 92I/NW(D-1)

W.R. Map103 Date issued: 2nd January 1974 Permit No. 9236

W.R.B. 124— 0

CONDITIONS RELATIVE TO THE RIGHTS GRANTED UNDER THIS PERMIT

1. This permit is issued under the *Water Act*, and the rights hereby granted are subject at all times to the provisions of that Act and all Acts passed in amendment or substitution thereof and to all regulations from time to time made under any such Act.

2. There is reserved to the Crown the right to grant to other persons permits to occupy the land affected by this permit without compensation to the permittee or his successors in title.

3. In the event of any dispute arising at any time between the permittee and any owner of land adjacent to the land affected by this permit with respect to the area or boundaries of the land so affected, the licensee shall at his own expense, when so directed by the Deputy Minister of Lands, have the said land surveyed by a duly qualified surveyor, and shall likewise file with the Department of Lands, Forests, and Water Resources at Victoria, British Columbia, a plan showing the result of the survey.

4. This permit and the rights granted hereunder are subject always to compliance by the permittee with the terms of his water licence, and if the rights granted under the said licence should at any time be suspended or terminated, the rights granted under this permit are thereupon likewise suspended or terminated.

5. The amount of stumpage, royalty, and (or) compensation payable to the Crown by the permittee in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum or sums fixed by the Forest Service of the Province of British Columbia. Prior to the cutting, destruction, or flooding of any timber, the permittee must apply for and obtain a licence to cut timber from the District Forester under the provisions of section 24 of the *Forest Act*.
